CONSULTANT reserves the right to suspend work hereunder or any other work to be performed by CONSULTANT for CLIENT or any of its affiliates under a separate agreement or agreements with CONSULTANT in the event of delinquent payment by CLIENT to CONSULTANT hereunder or in the event of delinquent payment by CLIENT or its affiliates to CONSULTANT under a separate agreement or agreements. For all purposes hereof, affiliate means (i) in the case of an individual, any relative of any person listed among the following, (ii) any officer, director, trustee, partner, manager, employee or holder of 5 percent or more of any class of the voting securities of or equity interest in CLIENT; (iii) any corporation, partnership, limited liability company, trust, or other entity controlling, controlled by, or under common control with CLIENT; or (iv) any officer, director, trustee, partner, manager, employee, or holder of 5 percent or more of the outstanding voting securities of any corporation, partnership, limited liability company, trust, or other entity controlling, controlled by, or under common control with CLIENT.

In the event legal action is necessary to enforce the payment terms of this Agreement, CONSULTANT will be entitled to collect from CLIENT any judgment or settlement sums due, plus reasonable attorneys' fees, court costs, and other expenses incurred by CONSULTANT for such collection action, and, in addition, the reasonable value of CONSULTANT's time and expenses spent for such collection action, computed according to CONSULTANT's prevailing fee schedule and expense policies.

ASSIGNMENT

Neither party to this Agreement may transfer, sublet, or assign any rights or duties under or interest in this Agreement, including but not limited to monies that are due or monies that may be due, without the prior written consent of the other party. Subcontracting to subconsultants, normally contemplated by CONSULTANT as a generally accepted business practice, is not considered an assignment for purposes of this Agreement.

CLIENT'S RESPONSIBILITIES

A. Access

CLIENT shall make provisions for CONSULTANT to enter upon public and private lands as required to perform such work as surveys and inspections in development of the Project.

B. CLIENT's Representative

CLIENT shall designate in writing one person to act as CLIENT's Representative with respect to the work to be performed under this Agreement. This Representative will have complete authority to transmit instructions, receive information, and interpret and define CLIENT's policy and decisions, with respect to the product, materials, equipment, elements, and systems pertinent to the work covered by this Agreement.

C. Fees

CLIENT is responsible for payment of fees associated with the project. Such fees include permit review and application fees, impact fees, and capacity fees. CONSULTANT will notify CLIENT regarding the amount of fees and timing of payment.

CONSULTANT'S RESPONSIBILITIES

In providing services under this Agreement, CONSULTANT will perform in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances at the same time and in the same or similar locality. No other representation expressed or implied, and no warranty or guarantee is included or intended in the Agreement, or in any report, opinion, document, or otherwise.

OWNERSHIP OF INSTRUMENTS OF SERVICE

All reports, drawings, specifications, computer files, electronic files, BIM models, field data, notes and other documents and instruments prepared by CONSULTANT as instruments of service remain the property of CONSULTANT. CONSULTANT retains all common law, statutory, and other reserved rights, including, without limitation, the copyrights thereto. CONSULTANT will retain these records for a period of two (2) years following their completion during which period paper copies will be made available to CLIENT at reasonable times.

ELECTRONIC FILES

In accepting and utilizing any drawings, reports, and data on any form of electronic media generated and furnished by CONSULTANT, CLIENT agrees that all such electronic files are instruments of service of CONSULTANT, who will be deemed the author, and will retain all common law, statutory law, and other rights, without limitation, including copyrights.

CLIENT agrees not to reuse these electronic files, in whole or in part, for any purpose other than for the Project. CLIENT agrees not to transfer these electronic files to others without the prior written consent of CONSULTANT. CLIENT further agrees to waive all claims against CONSULTANT resulting in any way from any unauthorized changes to or reuse of the electronic files for any other project by anyone other than CONSULTANT.

CLIENT is aware that differences may exist between the electronic files delivered and the printed hard-copy construction documents. In the event of a conflict between the signed construction documents prepared by CONSULTANT and electronic files, the signed or sealed hard-copy construction documents will govern.

In addition, CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless CONSULTANT, its officers, directors, employees, and subconsultants (collectively, CONSULTANT) against all damages, liabilities, or costs, including reasonable attorneys' fees and defense costs, arising from any changes made by anyone other than CONSULTANT or from any reuse of the electronic files without the prior written consent of CONSULTANT.

Under no circumstances will delivery of electronic files for use by CLIENT be deemed a sale by CONSULTANT, and CONSULTANT makes no warranties, either express or implied, of merchantability and fitness for any particular purpose. In no event will CONSULTANT be liable for indirect or consequential damages as a result of CLIENT's use or reuse of the electronic files.

CERTIFICATIONS, GUARANTEES, AND WARRANTIES

CONSULTANT will not be required to sign any documents, no matter by whom requested, that would result in CONSULTANT having to certify, guarantee, or warrant the existence of conditions whose existence CONSULTANT cannot ascertain, or any way might, in the sole judgment of CONSULTANT, increase CONSULTANT's contractual or legal obligations or risks, or adversely affect the availability or cost

of its professional or general liability insurance. CLIENT also agrees not to make resolution of any dispute with CONSULTANT or payment of any amount due to CONSULTANT in any way contingent upon CONSULTANT signing any such certification.

ACCESSIBILITY

CLIENT acknowledges that the requirements of the Americans with Disabilities Act (ADA), Fair Housing Act (FHA) and other federal, state, and local accessibility laws, rules, codes, ordinances, and regulations will be subject to various and possibly contradictory interpretations. CONSULTANT, therefore, will use reasonable professional efforts and judgment to interpret applicable accessibility requirements in effect as of the date of the execution of this Agreement and as they apply to the Project. CONSULTANT, however, cannot and does not warrant or guarantee that CLIENT's Project will comply with all interpretations of the accessibility requirements and/or the requirements of other federal, state, and local laws, rules, codes, ordinances, and regulations as they apply to the Project. Any changes in the applicable law or contrary interpretations of existing law subsequent to the issuance of permits that requires CONSULTANT to perform redesign will be considered an additional service.

SUBSTITUTIONS

Upon the written request or direction of CLIENT, CONSULTANT will evaluate and advise CLIENT with respect to proposed or requested changes in materials, products, or equipment. CONSULTANT will be entitled to rely on the accuracy and completeness of the information provided in conjunction with the requested substitution. CONSULTANT will not be responsible for errors, omissions, or inconsistencies in information by others or in any way resulting from incorporating such substitution into the Project. CLIENT will be invoiced for this service on a Time & Expense basis unless both parties mutually agree on a lump sum fee.

OPINIONS OF PROBABLE COSTS

Since CONSULTANT has no control over the cost of labor, materials, or equipment, or over the contractor's methods of determining prices, or over competitive bidding or market conditions, opinions of probable construction costs provided for herein are to be made on the basis of experience and qualifications. These opinions represent CONSULTANT's best judgment as a design professional familiar with the construction industry.

However, CONSULTANT cannot and does not guarantee that proposals, bids, or the construction cost will not vary from opinions of probable construction costs prepared by CONSULTANT.

BETTERMENT

If, due to CONSULTANT's negligence, a required item or component of the Project is omitted from CONSULTANT's construction documents, CONSULTANT will not be responsible for paying the cost required to add such item or component to the extent that such item or component would have been required and included in the original construction documents. In no event will CONSULTANT be responsible for any cost or expense that provides betterment, upgrades, or enhances the value of the Project.

CHANGED CONDITIONS

If, during the term of this Agreement, circumstances or conditions that were not originally contemplated by or known to CONSULTANT are revealed, to the extent that they affect the scope of services, compensation, schedule, allocation of risks, or other material terms of this Agreement, CONSULTANT may call for renegotiation of appropriate portions of this Agreement. CONSULTANT shall notify CLIENT of the changed conditions necessitating renegotiation, and CONSULTANT and CLIENT shall promptly and in good faith enter into renegotiation of this Agreement to address the changed conditions. If terms cannot be agreed to, the parties agree that either party has the absolute right to terminate this Agreement in accordance with the Termination provision hereof.

CODE COMPLIANCE

CONSULTANT shall exercise usual and customary professional care in its efforts to comply with applicable laws, codes, and regulations in effect as of the date this agreement was written. Design changes made necessary by newly enacted laws, codes, and regulations after this date will entitle CONSULTANT to a reasonable adjustment in the schedule and additional compensation in accordance with the Additional Services provisions of this Agreement.

In the event of a conflict between laws, codes, and regulations of various governmental entities having jurisdiction over the Project, CONSULTANT shall notify CLIENT of the nature and impact of such conflict. CLIENT agrees to cooperate and work with CONSULTANT in an effort to resolve this conflict.

VALUE ENGINEERING

(If) CLIENT has elected to engage in value engineering of the Project, CLIENT has established cost as a primary project objective over other programming, performance, and aesthetic objectives and recognizes that in doing so, it has limited the available design and product options. These limitations may impact the overall project cost, schedule, and performance. CLIENT has accepted these risks and impacts in recognition of the importance it has placed on project cost.

DELEGATED DESIGN

Where any design services are provided by persons or entities not under CONSULTANT's direct control, CONSULTANT's role will be limited to its evaluation of the general conformance with the design intent and the interface with CONSULTANT's design and portion of the Project. Except to the extent, it is actually aware of a deficiency, error, or omission in such design by others, CONSULTANT will have no responsibility for such design and may rely upon its adequacy, accuracy, and completeness in all respects.

LIMITS OF LIABILITY

Nothing contained in this Agreement will create a contractual relationship with or a cause of action in favor of a third party against either CLIENT or CONSULTANT. CONSULTANT's services under this Agreement are being performed solely for CLIENT's benefit, and no other party or entity will have any claim against CONSULTANT because of this Agreement or the performance or nonperformance of services hereunder. CLIENT and CONSULTANT agree to require a similar provision in all contracts with contractors, subcontractors, subconsultants, vendors, and other entities involved in this Project to carry out the intent of this provision.

To the fullest extent permitted by law, and not withstanding any other provision of this Agreement, the total liability, in the aggregate, of CONSULTANT and CONSULTANT's officers, directors, partners, employees, and sub-consultants, and any of them, to CLIENT and anyone claiming by or through CLIENT (including, but not limited to construction contractors & subcontractors), for any and all claims, losses, costs, or damages, including attorneys' fees and costs and expert-witness fees and costs of any nature whatsoever or claims expenses resulting from or in any way related to the Project or the Agreement from any cause or causes shall not exceed $25,000 or CONSULTANT's fee for services rendered, under this Agreement, whichever is greater. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law. This liability cap may be increased by mutual consent of both parties and in exchange for additional compensation.

It is our understanding CLIENT has elected to exclude Construction Observation and Monitoring from this contract. Based on this understanding, CLIENT assumes all responsibility for interpretation of

the documents and for construction observation and supervision activities and waives any claims against CONSULTANT that may in any way connected thereto. In addition, CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless CONSULTANT from any loss, claim, or cost including reasonable attorneys' fees resulting from the performance of such services by other persons or entities and all claims arising from clarifications, interpretations, or changes made to the contract documents or work specified therein to reflect field or other changes made except for sole negligence or willful misconduct of CONSULTANT. Any requests for specific construction observation services and agreed to by CONSULTANT will be paid as Additional Services by CLIENT.

TIME BAR TO LEGAL ACTION

All legal actions by either party against the other arising out of or in any way connected with this Agreement or the services to be performed hereunder will be barred and under no circumstances will any such legal action be initiated by either party after five (5) years from the date of Substantial Completion, unless this Agreement is terminated earlier, in which case the date of termination of this Agreement will be the date on which such period commences. Nothing in this Agreement is construed to waive any protections granted under existing laws of the state in which the work is performed.

ACTS OF OTHERS

CONSULTANT will not be responsible for the means, methods, techniques, sequences, or procedures of construction selected by contractor(s) or the safety precautions and programs incident to the work of contractor(s). CONSULTANT will not be responsible for the failure of contractor(s) to perform the work in accordance with the Contract Documents.

CONSULTANT will not be responsible for the acts or omissions of any contractor, or sub-contractor, or any of the contractor(s)', or sub-contractor(s)' agents, or employees or any other persons (except CONSULTANT's own employees and agents) at the site or otherwise performing any of the contractor(s)' work. However, nothing contained herein will be construed to release CONSULTANT from liability for failure to perform properly the duties undertaken by CONSULTANT in the Contract Documents.

CONSULTANT will not be responsible for the acts, omissions, means, methods, or specifications of other design professionals not directly retained by CONSULTANT. **Unless specifically stated otherwise, CONSULTANT's work and responsibility *under this Agreement terminates* at the building pad or within five (5) feet of the building, whichever is greater, for any proposed building shown on the plans. CLIENT/Architect/Contractor is responsible for compliance with codes, regulations, manufacturer specifications, and construction methods related to the building structure. In no circumstance is CONSULTANT responsible for any portion of the building, especially as it relates to moisture or mold.**

CONSULTANT agrees, to the fullest extent permitted by law, to indemnify and hold harmless CLIENT, its officers, directors, and employees (collectively, CLIENT) against all damages, liabilities, or costs, including reasonable attorneys' fees and defense costs, to the extent caused by CONSULTANT's negligent performance of professional services under this Agreement and that of its subconsultants or anyone for whom CONSULTANT is legally liable.

CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless CONSULTANT, its officers, directors, employees, and subconsultants (collectively, CONSULTANT) against all damages, liabilities, or costs, including reasonable attorneys' fees and defense costs, to the extent caused by CLIENT's negligent acts in connection with the Project and the acts of its contractors, subcontractors, or consultants or anyone for whom CLIENT is legally liable.

Neither CLIENT nor CONSULTANT will be obligated to indemnify the other party in any manner whatsoever for the other party's own negligence or for the negligence of others.

CONSEQUENTIAL DAMAGES

Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither CLIENT nor CONSULTANT, their respective officers, directors, partners, employees, contractors, or subconsultants will be liable to the other or will make any claim for any incidental, indirect, or consequential damages arising out of or connected in any way to the Project or to this Agreement. This mutual waiver of consequential damages includes, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation, and any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract, and breach of strict or implied warranty. DISPUTE RESOLUTION

Any dispute or claim arising out of or relating to this Agreement will be determined as follows: CONSULTANT and CLIENT will negotiate in good faith to reach agreement. If negotiations are unsuccessful, CONSULTANT and CLIENT agree the dispute will be settled by mediation. In the event the dispute or any issues remain unresolved after the above steps, the disagreement will be decided by such remedies of law as they are available to the parties. The appointment of a mediator and location will be subject to agreement between CONSULTANT and CLIENT with each party being responsible for their portion of those costs.

JOBSITE SAFETY

Neither the professional activities of CONSULTANT, nor the presence of CONSULTANT or its employees and subconsultants at a project site, imposes any duty on CONSULTANT, nor relieve a general contractor of its obligations, duties, and responsibilities including, but not limited to, construction means, methods, sequence, techniques, or procedures necessary for performing, superintending, and coordinating the work in accordance with the Contract Documents and any health or safety precautions required by any regulatory agencies. CONSULTANT and its personnel have no authority to exercise any control over any contractor or its employees in connection with their work or any health or safety programs or

procedures. CLIENT agrees that the general contractor will be solely responsible for jobsite and worker safety and warrants that this intent will be carried out in CLIENT's contract with the general contractor. CLIENT also agrees that the general contractor will indemnify and hold harmless CLIENT, CONSULTANT, and CONSULTANT's subconsultants. CLIENT also agrees that CLIENT, CONSULTANT, and CONSULTANT's subconsultants will be made additional insureds under the general contractor's policies of general liability insurance.

In addition, if the delays resulting from any such causes increase the cost or time required by CONSULTANT to perform its services in an orderly and efficient manner, CONSULTANT will be entitled to a reasonable adjustment in schedule and compensation.

HAZARDOUS MATERIAL

Both parties acknowledge that CONSULTANT's Scope of Services does not include any services related to the presence of any hazardous or toxic materials and/or mold. In the event CONSULTANT or any other person or entity involved in the project, encounters any hazardous or toxic materials and/or mold, or should it become known to CONSULTANT that such materials may be present on or about the jobsite or any adjacent areas that may affect the performance of CONSULTANT's services, CONSULTANT may, at its sole option and without liability for consequential or any other damages, suspend performance of its services under this Agreement until CLIENT retains appropriate qualified consultants and/or contractors to identify and abate or remove the hazardous or toxic materials and warrants that the jobsite is in full compliance with all applicable laws and regulations.

CLIMATE CHANGE

APPLICATIONS FOR PERMITS AND CERTIFICATES REQUESTED ON BEHALF OF CLIENT

CLIENT shall indemnify and hold harmless CONSULTANT from and against any and all judgments, losses, damages, and expenses (including attorney's fees and defense costs) arising from or related to claims by third parties to challenge the issuance of permits or certificates for the Project by agencies with jurisdiction over the project. Either party may terminate this Agreement for cause upon giving the other party not less than seven (7) calendar days' written notice for any of the following reasons:

- Substantial failure by the other party to perform in accordance with the terms of this Agreement and through no fault of the terminating party;
- Assignment of this Agreement or transfer of the Project by either party to any other entity without the prior written consent of the other party;
- Suspension of the Project or CONSULTANT's services by CLIENT for more than ninety (90) calendar days, consecutive or in the aggregate;
- Material changes in the conditions under which this Agreement was entered into, the Scope of Services or the nature of the Project, and the failure of the parties to reach agreement on the compensation and schedule adjustments necessitated by such changes.

In the event of any termination that is not the fault of CONSULTANT, CLIENT shall pay CONSULTANT, in addition to payment for services rendered and reimbursable costs incurred, for all expenses reasonably incurred by CONSULTANT in connection with the orderly termination of this Agreement, including but not limited to demobilization, reassignment of personnel, associated overhead costs and all other expenses directly resulting from the termination.

DATE: July 2, 2024

SUBJECT: Monthly Report for June 2024

POLICE DEPARTMENT:

I went to the District 6 meeting and Garden City P.D. said we can use their firearms simulator any time we need. We will be scheduling officers randomly throughout the year for simulator training. This type of training is designed to not only increase efficiency, but it also increases accuracy, reaction times and consistency.

Port Wentworth P.D. contacted our officers with helping them locate a suspect that they had charges for, who supposedly resided in Thunderbolt. Thunderbolt Officers located and took that suspect into custody, and it was later discovered that, the same suspect was also wanted by the Effingham County Sheriff's office as well.

The suspect who stole a vehicle out of Laurel Oak Lane and committed an aggravated assault in Savannah's jurisdiction was identified by Savannah's major crimes unit. A detective with Savannah made contact with our officers revealing that suspect's identity, so now we have pending charges on that suspect for the theft of that automobile as well as other charges related to that crime.
