        2. Check manifests.
        3. They will have to work with our public works for blockages.
        4. We will adopt the City of Savannah City Ordinance
    2. Will Fine enforcement come through the Town of Thunderbolt?

1. Yes but they will have to work with Savannah City Legal counsel when issues arise

First Reading of the Short Term Rental Sign Requirements

7. Councilman Lavin notes if there is nothing it will not help.
8. Mayor Dana Williams wants to know if we will enact this with long term rentals?
    1. Mr. Milie: It can only be rentals that are less than 30 days.

10. Whatever is in this ordinance is only a minimum
11. Councilman Drohan: 3319 Bannon Drive: is now speaking as a citizen and will be for the remainder of this discussion
12. He has been involved for 2 years in this issue of STR. The only concern people had was with the size of the sign.
13. From a public safety standpoint the signs are not dangerous. The issue is the ability to get in touch with the landlords when problems arise.
14. Right now we only have 34 STR requests. Only half have been approved. The signs are big and ugly and the idea of sharing things with neighbors wouldn't be a problem.
15. Mr. Milie asks clarification
    1. No sign, just neighbor notifications
    2. It would be fine to have the information on the website.
16. It will be about two months for the website to be completed.
17. Councilman Crenshaw suggests lawyer have a discretionary clause or just reduce the size of the sign.
18. Attorney Barrow will draft three options.

River Drive Mixed Use District

I. Intent.

River Drive is the main point of entry into Thunderbolt and serves as the front door and "main street" of Thunderbolt through the civic presence of town hall and Waterfront Park, commercial presence of restaurants and businesses, as well as the front door to the Wilmington River/Intracoastal Waterway. As such, the development along River Drive should reflect the town's unique character, including its cultural and architectural heritage.

(Ord. of 5-10-2017 , § I; Ord. of 11-14-2018(2))

II. Guiding Principles.

The following principles shall guide development and redevelopment along River Drive:

1.

Public Waterfront—The waterfront and marshes are inherently tied to the culture, heritage, and economic prosperity of Thunderbolt. Despite previous decisions, visual connections and, where feasible, physical connections to the river and marsh are of the utmost importance.

2.

Town—Thunderbolt is a town—larger than a village, but smaller than a city. The scale and design of the buildings, the landscape, and hardscape shall reflect the intimate ambiance and character of Thunderbolt.

3.

Tree Canopy—One of the most iconic images of Thunderbolt is the "tree island" in River Drive with majestic live oaks forming a canopy over River Drive. Fortunately, many other live oaks exist along River Drive as well. Whenever possible, healthy existing live oaks should be preserved and new ones planted to sustain the canopy over time.

4.

A Place for All—As the "Main Street," River Drive should comfortably accommodate people of all ages, abilities, and mobility choices. The public realm and the adjacent development, shall provide a comfortable and inviting walking environment through appropriate design, scale, infrastructure, and landscape.

(Ord. of 5-10-2017 , § II; Ord. of 11-14-2018(2))

III. Existing uses.

At the time a new use or structure is placed on any property within the River Drive District the property owner shall bring the site and building into compliance with the standards set forth for the River Drive District. At the time a property owner plans to alter the facade of a structure (other than normal maintenance or upkeep) the property owner must comply with the building and architectural standards. It is the intent of this provision that new structures, as well as existing structures when altered in appearance or size, comply with all the standards contained herein and in particular the building and architectural standards contained herein. It is the intent of this section to require all properties and structures within the River Drive District to comply with the River Drive District standards over time so that the district will at some point have a design and appearance consistent with the intent of the general principles set forth in this ordinance.

(Ord. of 11-14-2018(2))

IV. General Provisions.

1.

Pedestrian comfort shall be a primary consideration along River Drive. Design conflicts between vehicular and pedestrian movement generally shall be decided in favor of the pedestrian.

2.

Each lot with frontage along River Drive shall front River Drive. Façades shall be built parallel to the principal frontage, with the primary building entrance facing River Drive.

3.

Dumpsters, outside storage, mechanical equipment, etc. shall not be visible from the public right-of-way and shall be screened by a landscape wall high enough to visually conceal equipment, storage, and/or service areas located behind. The minimum height of the wall shall be the actual height required to screen the object from view.

4.

Drive-throughs are prohibited.

5.

In the case of a conflict with other provisions of the code, the River Drive District shall apply.

6.

Special exceptions of design standards may be granted by the planning and zoning commission based on exceptional merit of the project to exceed the provisions of the intent of this district and application of the guiding principles.

(Ord. of 5-10-2017 , § III, 5-10-2017; Ord. of 11-14-2018(2))

V. Uses.

In order to foster activity and vibrancy along River Drive, the ground floor of buildings fronting on River Drive shall incorporate a publicly-accessible, active use on the ground floor.

1.

Permitted.

Accessory uses and buildings.

Art gallery.

Banks

Food and drugstores; drug stores, meat market, bakery products store, dairy produce, confectionery.

REME Air Purifier
or Reflective Electro Magnetic Energy utilizes an electro magnetic energy cell to create Ionized-Hydro-Peroxides™, a friendly oxidizer plasma made from oxygen and humidity. This air purifying plasma is propelled into the HVAC duct or plenum by a silent plasma propulsion module that has no moving parts, yet propels the plasma at 2 cfm. This provides for fan or blower-less operation on a 24-hour basis. The purifying plasma will be propelled through the ducts whether the fan or blower is on or not. This permits a hardwire 110 volt plug-in installation that lets the REME run 24/7 without wiring to the fan/blower circuit.

If this option is chosen we would recommend a Manual J load calculation be performed by a licensed engineer to verify the reduction of capacity.*

Amendment to Chapter 16 of the ordinances of the Town of Thunderbolt.

It is hereby ordained at a duly called meeting or a regular meeting of the Mayor and Council of the Town of Thunderbolt that Chapter 16 (sewage collection and disposal) is hereby amended by adding to Section 16 – 101 the following:

The Town hereby appoints the City of Savannah as the compliance agent for the Town of Thunderbolt for sanitary sewer use regulations.

Short-term rental – signs.

Options for that portion of the short term rental ordinance dealing with signs are as follows:

Option A: Keep ordinance as written:

Section 6 – 305 (b) reads as follows:

(b) STR signage shall be placed on the street address side located no further than 4 feet from the outermost edge of the front door entry, or otherwise located at such location as approved by the Town staff.

(1) Said signage shall be no less than 18" x 24", and no larger than 24" x 24", and in good taste, subject to code enforcement review and approval.

(2) signage shall include the address of the STR, and a 24 hour emergency contact name and number.

Option B Delete (b) completely.

Option C: Add to section 6 – 305 (b) the following.

Or the owner of the premises may elect in writing to notify the Town and all adjacent neighbors (including neighbors directly across any street or lane as well as diagonally across any street or lane) of a 24- hour emergency contact name and phone number for the owner (if the owner is a resident of Chatham County) or the property manager for the property in question. Such information shall be kept up to date at any time there is a change in ownership or the person who is managing the property on behalf of the owner. If accurate emergency contact name and phone number are not Up-to-date the Town may require the signage as set out above.

Option D: Delete section (b) and add the following:

The owner of the premises must notify in writing the Town and all adjacent neighbors (including neighbors directly across any street or lane as well as diagonally across a street or lane) of a 24-hour emergency contact name and phone number for the owner (if the owner is a resident of Chatham County) or the property manager for the property in question. Such information shall be kept up to date at any time there is a change in ownership or the person who is managing the property on behalf of the owner. If accurate emergency contact name and phone number are not up-to-date the town may, after one warning to update such information, revoke the permit for an STR for such property if accurate information has not been provided to the Town and the adjoining neighbors.

Proposed modifications to monthly Town of Thunderbolt Town Council meetings.

As our monthly Town Council meetings are designed for the Town Council to conduct business and review Town ongoings to include financials, projects, direction, legislation etc.… The Town Council finds that to ensure best services and to operate in a transparent environment that is more consistent with best practices as recognized nationally and by Georgia Municipal Association, the following modifications shall apply.

Be it moved that beginning on June 08th 2022 that the rules related to the structure and conduct of the monthly Thunderbolt Town Council meetings be adapted as follows:

1- **Open Workshop – Town Council will begin at the same time of 6:30 p.m., but an open workshop will begin at 6:00 p.m. to ensure that any affected or interested parties may have time to clarify or understand the matters to be discussed or voted on listed on the agenda. The workshop will be the time for citizen input, questions, etc., as related to agenda items only. The chairman of the meeting will have the ability to limit speakers to no less than three minutes per speaker if time constraints arise. Concurrently, the chairman may elect to delay the start of regular session based on the needs of the workshop.**
   Per the open meetings act, an item not on the agenda may be added only if it arises by unforeseen happenstance during the meeting. If a non-agenda item is added within the meeting, the chairman will allow affected individuals to speak, provide input, or questions regarding only the topic at hand and each speaker will be provided two minutes maximum. Concurrently, the chairman may elect to ensure individuals on both sides of an issue are heard and then close the public comment section, meaning not every desiring individual may have the ability to speak.
2- **That the second portion of the meeting will be designated as the "Council Business Meeting" which will be the opportunity for members of Council to consider and vote on those items that are on the current agenda. In accordance with the ordinances guiding this portion of the meeting, agenda items will be heard, motions may be made and**

seconded, discussion among members of Council in front of the public can take place and voting for the record can occur. Any Councilmember may request to the chairman to seek further input from the public during this portion of the meeting.

3- **That following the Council Business Meeting will be the "Mayor and Council" portion of the meeting, wherein all members of Council will continue to retain the right to present and discuss those issues they deem of importance. This should include the option for members of Council to request input from the public. Again, in keeping with Open Meetings Laws the items that Mayor and Council desire to discuss should be provided previously to the Town Clerk to be included in the meeting agenda. This will allow for the public to ask questions and provide input in the workshop relative to item one. Again, open forum exists for the unforeseen matters that came about during the course of the meeting.**

4- **That following the Mayor and Council portion of the meeting, the Council may at its discretion adjourn from the open meeting into "Executive Session" for the discussion of appropriate legal and personnel discussions and the purchase, sale or lease of property.**

5- **Following executive session, Council will reconvene into regular session, and end the meeting if no further business.**

6- **The Town will ask that no more than three members of council, and the Town Administrator, if possible, stay behind for fifteen minutes to discuss any topics that were discussed at the meeting, or thoughts, needs, or recommendations they may have for the Town. This is not a requirement, but an avenue to ensure some face time with the citizens that may wish to address a new issue, or clarify a previously discussed item.**
