TOWN OF THUNDERBOLT
REGULAR MONTHLY MEETING
WEDNESDAY, FEBRUARY 14, 2024
6:00 PM

AGENDA HEARING

Public has five minutes per person to ask questions or comment on any agenda item.
Mayor Williams opened the public hearing up at 6 pm.

Town Administrator Milie discussed the work being done at Nellie Johnson Memorial Park. He explained the plan and progress regarding bushes and trees is to start with a blank slate to build upon. He stated public input is still needed for ideas moving forward. He wishes the park ideology to reflect the Town's beliefs, needs, etc. He would like to see upgraded safety, new equipment, and a more welcoming and accommodating park for residents to enjoy. Mayor Williams added the Town is still in the planning process and input is still being taken and is much needed.

Bob Greenberg, new resident, asked about community group meetings for improvement. He was directed to the Thunderbolt Community Improvement Association.

Katherine Clemens, 3224 Cedar St. – Ms. Clemens stated Nellie Johnson Memorial Park is named after her great-great grandmother. She has been waiting forever for improvements to be made at the park. She applauds the Town for doing the work and is appalled at the negative Facebook comments others are making regarding the work.

Beth Goette, 3006 Leonard St. – Stated there was an error on the website and an error on the agenda date listed. Town Clerk Walker thanked her for the information.

Sue DeRosa, 3215 Bannon Dr., stated her concerns with planting native plants at the park. Those plants are hard to find locally. She recommends doing more research for plant choices. She also suggested alternative irrigation methods, including collection of rainwater for irrigation purposes.

Meredith Allen, 3220 Falligant Ave., stated public outreach is necessary. The removal of bushes and plants without community involvement upset her. She says it shows a lack of community. She feels a better approach is needed, possibly surveying the community. She suggested setting up a process to get input without making residents go out of their way to participate.

Town Administrator Milie asked to speak with Ms. Allen individually to get her input.

Mayor Williams closed the public comment at 6:38 pm.

DRAFT

BY THE MAYOR OF THE TOWN OF THUNDERBOLT

A PROCLAMATION

"WOMEN'S HISTORY MONTH"

WHEREAS, American women of every race, class, and ethnic background have made historic contributions to the growth and strength of our Nation in countless recorded and unrecorded ways;

WHEREAS, American women have played and continue to play critical economic, cultural, and social role in every sphere of the life of the Nation by constituting a significant portion of the labor force working inside and outside of the home;

WHEREAS, American women have played a unique role throughout the history of the Nation by providing the majority of the volunteer labor force of the Nation;

WHEREAS, American women were particularly important in the establishment of early charitable, philanthropic, and cultural institutions in our Nation;

WHEREAS, American women of every race, class, and ethnic background served as early leaders in the forefront of every major progressive social change movement;

WHEREAS, American women have served our country courageously in the military;

WHEREAS, American women have been leaders, not only in securing their own rights of suffrage and equal opportunity, but also in the abolitionist movement, the emancipation movement, the industrial labor movement, the civil rights movement, and other movements, especially the peace movement, which create a more fair and just society for all; and

WHEREAS, despite these contributions, the role of American women in history has been consistently overlooked and undervalued, in the literature, teaching and study of American history:

NOW, THEREFORE I, Dana Williams, Mayor of the Town of Thunderbolt do hereby proclaim March 2024 as "WOMEN'S HISTORY MONTH" in the Town of Thunderbolt to encourage activities in honor of the contributions of women across the globe.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of Thunderbolt to be affixed this **6th day of March 2024**.

Town of Thunderbolt
Financial Management Policies

CASH & INVESTMENT MANAGEMENT

Developed under the authority of the Town of Thunderbolt Mayor & Council
Dated -

CASH AND INVESTMENT MANAGEMENT

The objective of the cash and investment management policy is to maximize interest earnings within an environment that strongly adheres to legal compliance and safety while providing cash flow liquidity to meet the Town's financial obligations.

A. SCOPE

This investment policy applies to all cash and investments, both short and long-term, which are the responsibility, and under the management of the Town of Thunderbolts' Town Administrator's Office.

B. POOLED CASH/INVESTMENT MANAGEMENT

Except for cash in certain restricted and specialized funds, the Town will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based upon their respective participation and in accordance with generally accepted accounting principles.

C. GENERAL OBJECTIVES

The primary objectives of investment activities shall be as follows:

1. Safety

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

i. Credit Risk

The Town will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:

- Limiting investments to the safest types of securities (primarily obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government or their agencies)
- Requiring a credit rating of "A3" or better from Moody's rating agency and "A-" from Standard & Poor's.
- Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisers with which the Town will do business
- Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

ii. Custodial Risk

Custodial risk, that is the risk associated with uninsured deposits, uninsured securities, or securities not registered in the Town's name shall be minimized by,

- Collateralization in alignment with State of Georgia legislation equal to 110% of the deposit held in the Town's name (see section F, Safekeeping and Custody, subsection 2, Collateralization);
- Securities shall be held in the Town's name.

iii. Interest Rate Risk

The Town will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

- Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity
- Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

iv. Concentration Risk

The risk associated with a high concentration of government funds which are not diversified shall be reduced by:

- Limiting investments to any one issuer to less than 5% of the investment portfolio.
- Investments explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.

v. Foreign Currency Risk

The Town will negate all foreign currency risk through investment only in instruments where exchange rates do not apply.

2. Liquidity

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in instruments offering same-day liquidity for short-term funds.

3. Yield

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:

- A security with declining credit may be sold early to minimize loss of principal or to reduce any eminent risk as identified under Section 1, “Safety” of this policy
- A security swap which improves the quality, yield, or target duration in the portfolio
- Liquidity needs of the portfolio require that the security be sold.

D. STANDARDS OF CARE

1. Prudence

The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officer(s) acting in according with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility of an individual security’s credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the

management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probably income to be derived.

2. **Ethics and Conflicts of Interest**
   Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and offices shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the Town.

3. **Delegation of Authority**
   Authority to manage the investment program is granted to the Town Administrator or his/her delegate, referred to as the investment officer in this policy. Responsibility for the operation of the investment program is hereby delegated to the investment officer (sub-committees appointed and contracted municipal financial advisor), who shall act in accordance with the established written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to: safekeeping, delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the investment officer. The investment officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

E. SAFEKEEPING AND CUSTODY

1. **Authorized Financial Dealers and Institutions**
   A list will be maintained of financial institutions authorized to provide investment services. In addition, a list also will be maintained of approved security broker/dealers selected by creditworthiness (e.g., a minimum capital requirement of $10,000,000 and at least five years of operation). These may include “primary” dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

   All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:
   - Audited financial statements
   - Proof of National Association of Securities Dealers (NASD) certification
   - Proof of state registration
   - Completed broker/dealer questionnaire
   - Certification of having read and understood and agreeing to comply with the Town’s investment policy.

   An annual review of the financial condition and registration of qualified financial institutions and broker/dealers will be conducted by the investment officer, then reviewed by the sub-committee, to then report to the Council.

   From time to time, the investment officer may choose to invest in instruments offered by minority and community financial institutions. In such situations, all criteria identified under above shall apply. All terms and relationships will be fully disclosed

prior to purchase and will be reported to the appropriate entity on a consistent basis and in compliance state and local law. These types of investment purchases should be approved by the Mayor & Town Council in advance of their purchase.

2. Internal Controls

The investment officer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the investment officer shall establish a process for an annual independent review by an external auditor to assure compliance with regulatory policies and procedures including Generally Accepted Governmental Auditing Standards.

3. Delivery vs. Payment

All trades where applicable will be executed by delivery vs. payment to ensure that securities are deposited in an eligible financial institution prior to the release of funds. Securities will be held by a third-party custodian in the Town's name, as evidenced by safekeeping receipts.

F. SAFEKEEPING AND CUSTODY

1. Investment Types

Investments (other than bond proceeds) shall be made in instruments permitted by the State of Georgia for local governments, regulated under Georgia Code, O.C.G.A. 36-83-4. Such instruments include:

- Obligations issued by the U.S. government,
- Obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States,
- Obligations of any corporation of the U.S. government;
- Prime bankers' acceptances,
- The Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements, and
- Obligations of other political subdivisions of the state

In accordance with O.C.G.A. 36-82-7, investments made with unexpended bond proceeds shall be limited to:

- Bonds or obligations of the governmental entities and/or political subdivisions of the state,
- Bonds or obligations of the U.S. government which are fully guaranteed,
- Obligations of agencies of the U.S. government, bonds or other obligations of public housing agencies or municipal corporations in the United States,
- Certificates of deposit of national or state banks insured by the Federal Deposit Insurance Corporation;
- Certificates of deposit of Federal Saving and Loan Associations; and
- The Georgia local government investment pool (Georgia Fund I)

2. Collateralization

Town shall require pledges of collateral from the depository institution covering at least 110% of the cash/investment. This requirement is in accordance with O.C.G.A. 36-83-5; 45-8-12; 50-17-59; and 45-8-13. Deposit-type securities (i.e., certificates of deposit) shall be collateralized at 110% of the face value.

Other investments shall be collateralized by the actual security held in safekeeping by the primary agent.

3. Repurchase Agreements/Derivatives

Repurchase agreements shall be consistent with GFOA Recommended Practices on Repurchase Agreements. Investments in derivatives of the above instruments shall require authorization by the Mayor and Town Council and be consistent with GFOA Recommended Practices on the "Use of Derivatives by State and Local Governments".

G. USING GEORGIA FUND I

The Town will utilize the State of Georgia local government investment pool (i.e., Georgia Fund I) anytime this investment tool is deemed to be in the best interest of the Town. Criteria used to determine the use of this investment pool will be the same as any other investment purchase.

H. INVESTMENT PARAMETERS

1. Diversification

The investments shall be diversified by:

- Limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities)
- Limiting investment in securities that have higher credit risks
- Investing in securities with varying maturities, and
- Continuously investing a portion of the portfolio in readily available funds such as the Georgia Local Government Investment Pool, money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

2. Maximum Maturities

To the extent possible, the Town shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Town will not directly invest in securities maturing more than five (5) years from the date of purchase. The Town shall adopt weighted average maturity limitations ranging from 90 days to 5 years, consistent with the investment objectives.

Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding five (5) years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of funds. The intent to invest in securities with longer maturities shall be disclosed in writing to the Mayor and Town Council.

INTER OFFICE CORRESPONDENCE

TO: Town Administrator, Robert Milie

FROM: Lieutenant Brandon Runyon

DATE: March 1, 2024

SUBJECT: Monthly Report for February 2024

POLICE DEPARTMENT:

There was a burglary off of E. Victory Dr. The suspect was identified as this was the second time and warrant's were obtained. On March 1st the suspect was apprehended, and additional charges were added.

Our other new patrol vehicle is going in to be outfitted with lights on March 6th, and should be in service on the street March 8th. We are still about 3 weeks out on receiving the new portable radios.

Lastly, Chief Clayton has been out for personal reasons. Chief Clayton is due back on March 11, 2024, and every officer has stepped up and taken on more responsibilities as I have also taken on the responsibility of acting fire chief while Chief Bateman is out for medical reasons. Couldn't be prouder of the job everyone has done during this transition.

February Report

Mission Statement

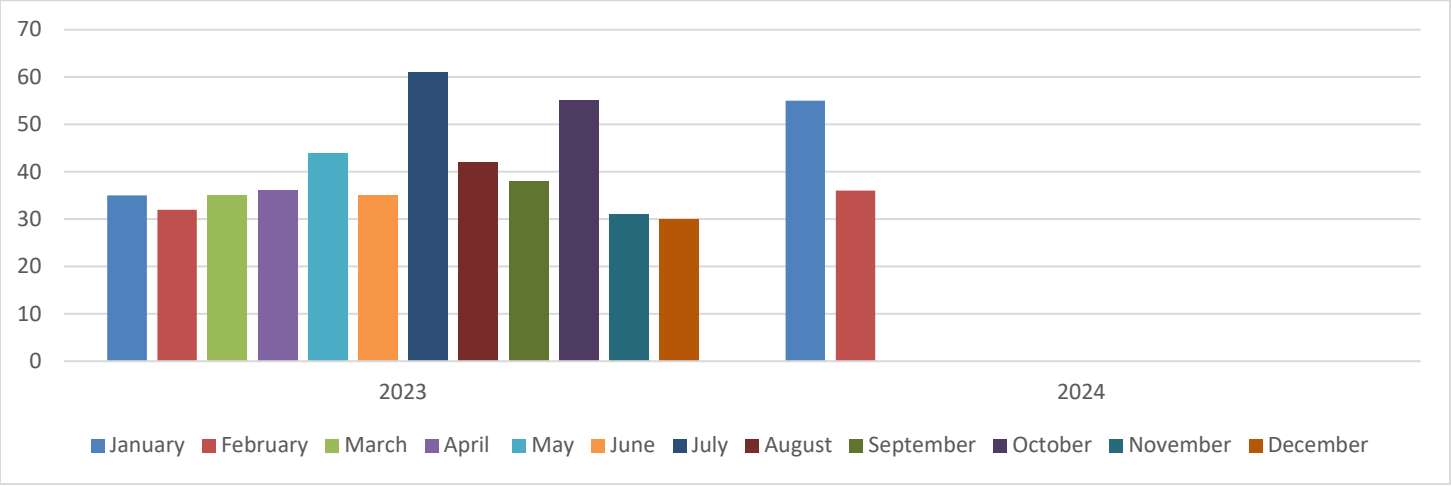

"The mission of the Thunderbolt Fire Department is to minimize loss of life, property and environment in the Town of Thunderbolt from both natural and man-made disasters, life threatening situations and to assist other emergency agencies. We will achieve this mission through professional/progressive training and fire education while providing first class services to our community."

Department News

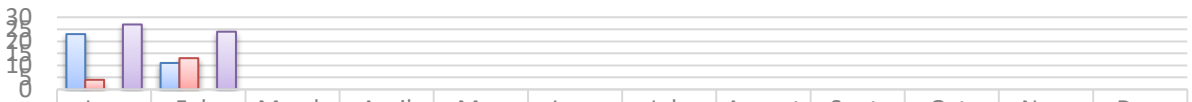

Highlighted Projects:

- Ongoing Vehicle Maintenance
  - Squad 52 (BTK501) - @ Roberts Diesel for Fuel System Issue
  - Squad 51 (SQU501)-Back in Service all repairs completed.

Chief Report:

- Continue to work on yearly Training and other documents for upcoming Audit with the State.
- Continue to work with ISO to ensure we get the correct score for our department.
- Firefighter Mohler is setting up and assuring all staff is set up with online training as the training officer.
- We will be sending one firefighter from the department to Instructor training soon so we can do our own in-house training. This will cut down on outsourcing trainers to come to the department or send staff away and should save us considerably on training costs. This will also give us the opportunity to host training for other departments as well. We can host 20-25 people in our new training room.
- If Squad 52 is not finished by March 6th it will be moved to Palmetto for a faster fix and return to service. Roberts Diesel has had the truck for over 3 months, and we are constantly given the runaround on when it should be completed.

Town Clerk Report – Matthew D. Walker

- Met with 4 Audio/Video Tech Companies to receive quotes for new A/V equipment for Council chambers. Currently awaiting quotes to be submitted.

- Attended GIS training with Code Enforcement through Goodwyn, Mills, & Cawood – very informative and will assist tracking permits, code violations, etc.

- The STR renewal process has been confusing for many. We are continuing to work diligently to fix the issues with the STR portal and renewal process with Host Compliance.
