Re: 10-year Renewal of Coastal Regional Metropolitan Planning Organization

---

BACKGROUND:

Per the latest 2020 Census, a new urbanized area was identified and established for the Coastal Regional Metropolitan Planning Organization (CORE MPO) that adds territory in southern Effingham County, and southern Bryan County. The Town of Thunderbolt is a participating member of the CORE MPO as a function of jurisdiction regarding regional transportation planning and transportation road and bridge funding.

The Memorandum of Understanding is set between the Counties of Chatham County, Effingham County, and Bryan County to which include the Municipalities of the Town of Thunderbolt, City of Savannah, Bloomingdale, Garden City, Guyton, Pooler, Port Wentworth, Richmond Hill, Rincon, Springfield, Tybee Island, and Vernonburg and the agencies of Georgia Port Authority, Savannah Airport Commission, and Chatham Area Transit.

The 2050 Long Range Transportation Plan (LRTP) is currently underway in revision as a 25-year planning document for the CORE MPO region. As of February 2024, GDOT data provides highway revenue estimates for regional funding projections at a total of $1,442,479,716.

ITEM NARRATIVE:

Attached with the Draft Memorandum of Understanding is the Calculated Fair Share Accounting for each municipality membership of the CORE MPO. Thunderbolt's cost share is 0.67% of the total metropolitan planning area population (CORE BOUNDARY).

The Town of Thunderbolt's cost share annually is $2,683.00.

This is an increase of less than $500 dollars.

RECOMMENDATION:

For endorsement and approval to continue membership with the CORE MPO.

APRIL 2024 MPO MEETINGS

Agenda Item: Reapportionment – Adoption of Updated MOU

Presenter: Wykoda Wang, MPO staff

Summary: As the Metropolitan Planning Organization (MPO) of the Savannah urban area, CORE MPO is required to have a defined Metropolitan Planning Area (MPA) Boundary, a Memorandum of Understanding (MOU) that defines roles and responsibilities of participating agencies and membership due structure, and bylaws that guide the MPO's operations. All of these must be updated after each decennial census to reflect the changes.

Since the beginning of 2023, the MPO staff have been working on the updates in coordination with the Working Group, the CORE MPO Board and advisory committees, as well as governmental agencies in the expanded areas.

The CORE MPO Board adopted the updated Metropolitan Planning Area (MPA) Boundary in February 2024. The next step is to adopt the updated Memorandum of Understanding (MOU). After the MOU is adopted by the CORE MPO Board, it will be sent to the MPO's member agencies for signatures. When all of the local signatures are collected, the signed document will be forward to GDOT, FHWA and FTA for final approval by the Governor of Georgia and the federal government.

The MOU contents and updates are summarized on the next pages. Updates to the MOU document are highlighted in red text in the attached file.

Exhibit A –Metropolitan Planning Area (MPA) Boundary of the Coastal Region Metropolitan Planning Organization (CORE MPO)

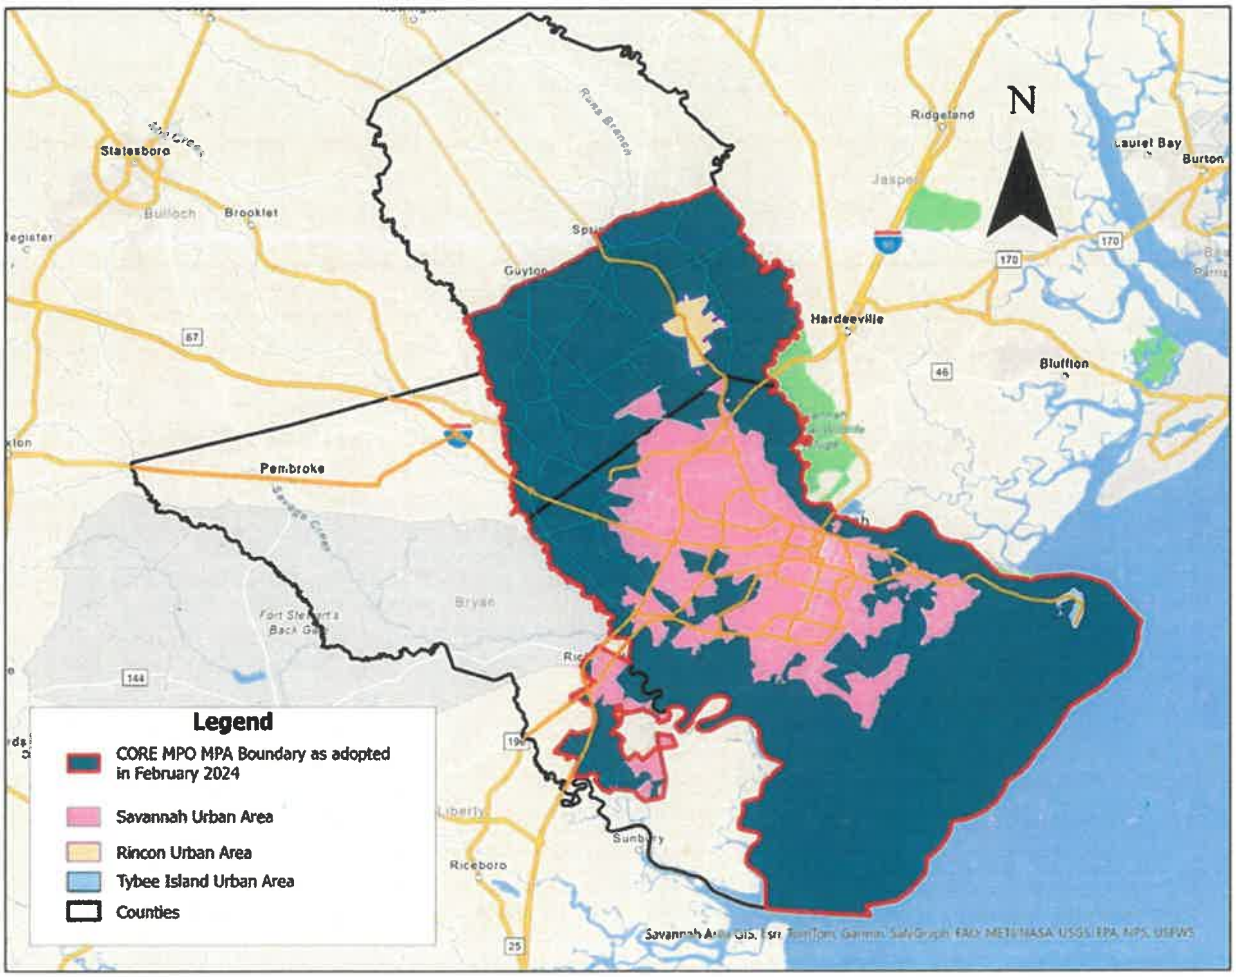

Exhibit B - Coastal Region Metropolitan Planning Organization Membership Dues Contribution Formula

The Parties agree that it is in the best interest of the public and governmental entities that the function of the Coastal Region Metropolitan Planning Organization (CORE MPO) be supported. The CORE MPO's operating functions will be funded through the federal Metropolitan Planning set aside pursuant to the provisions of 23 USC §104(f), the Metropolitan Transit Planning funds pursuant to the provisions of 49 USC §5303, the federal Urban Attributable funds, and the local membership dues to match the federal grants. This Exhibit specifies the formula for membership contributions to support the CORE MPO's transportation planning process.

In general, the CORE MPO's functions will be to maintain a continuing, cooperative and comprehensive transportation planning process for the Bryan – Chatham – Effingham region within the CORE MPO's Metropolitan Planning Area (MPA) boundary as defined in Title 23 USC Section 134 and Section 5303 of the Federal Transit Act. The CORE MPO's detailed staff work activities and planning procedures will be outlined in the annual Unified Planning Work Program (UPWP). The CORE MPO UPWP will include detailed budget information based on the anticipated grant funding contracts with the Georgia Department of Transportation (GDOT). The local match to the federal grants for MPO's operations will be based on the UPWP budget. The local matching funds will be provided by the Parties based upon a formula as described herein. The population component of the formula will be based on the 2020 decennial census population information. The formula for dues will be as follows.

The total local funds contribution will be the dollar amount approved by the CORE MPO Board in the Unified Planning Work Program (UPWP) and the annual overhead cost.

1. The amount of each governmental member's contribution would be a base of $1,000 plus a proportion based upon population.
2. For the three counties – Bryan, Chatham and Effingham – each county determines how to split their share of the total contributions among the county and municipalities.
    a. Bryan County – Bryan County and the City of Richmond Hill will split the county's share of the membership dues based on their respective population within the CORE MPO MPA boundary.
    b. Chatham County - Chatham County and its municipalities will split the county's share of the membership dues based on their respective population within the CORE MPO MPA boundary.
    c. Effingham County – Effingham County will pay 100% of the county's share of the membership dues, covering all of the Effingham municipalities located within the CORE MPO MPA boundary.
3. For the three modal authorities, the membership dues contributions are calculated based on the following formula.
    a. The Chatham Area Transit Authority would contribute a fixed amount based upon the 60th percentile of the counties' and municipalities' contributions.
    b. The Georgia Ports Authority would contribute a fixed amount based upon the 70th percentile of the counties and municipalities contributions.

c. The Savannah Airport Commission would contribute a fixed amount based upon the 70th percentile of the counties and municipalities contributions.

4. The Authorities share and the total of the $1,000 base amounts would be subtracted from total local fund contribution amount before applying the proportional population calculation for the county or each municipality.
5. The Georgia Department of Transportation (GDOT) pays 10% of the transit planning (Section 5303) local match. Thus, no additional membership dues will be assessed from GDOT.
6. The CORE MPO's advisory committees (TCC, EDFAC, TEPIAC and BPAC) will not be assessed dues.
7. The Chatham County – Savannah Metropolitan Planning Commission (MPC) will not be assessed dues.
8. Invoices will be sent out to members after the approval of the Unified Planning Work Program (UPWP) each year and payment will be due by June 30th.

SUBJECT: Monthly Report for May 2024

POLICE DEPARTMENT:

There were two vehicles that were stolen during the month of May. Both were recovered in other jurisdictions, and both were unlocked with the keys inside. One vehicle had a firearm under the front driver seat, and the officer investigating this incident used the Flock Camera to search for the vehicle. Flock showed the vehicle on Tybee Island and Tybee P.D. located and arrested the suspect. Thunderbolt P.D. also arrested and charged the suspect and it was discovered that the suspect is a convicted felon so he was also charged with that as well. Chatham County SWAT served warrants on two individuals who resides on Oakwood Drive. They were arrested without incident and are still at the Chatham County Jail.

Nearly all officers have qualified on firearms the others will qualify June 6. All officers have completed the Governor's Initiative Training in Gang Awareness and Hunam Trafficking.

All officers have received their new portable radios and they are in service. We couldn't be happier with their capabilities and features, not to mention our officers are safer with these radios than with the previous ones.
