Water Rate Increase Assessment

Staff Recommendation:

Staff requests a **2.5%** increase on water rates in order to strive to operate the enterprise as a self-sustaining entity. The projected 2025 expense number was tabulated using several variables. Using the past 5 years of inflation, the rate of inflation is 3.2%. The rate increase for the City of Savannah Water and Sewer coupled with the increased amount of consumption due to the 2025 Permitting decrease has increased our cost of consumption from a projected (as of Sept) $91,209 to $106,714. In order to cover these factors a rate increase of 2.5% will be needed to continue operating the Enterprise fund as a self sustaining entity.

Annual Enterprise Revenues:
2023: 2,035,000
Projected 2024: 2,146,500
Projected 2025: 2,253,825

Annual Enterprise Expenses:
Actual 2023: 1,994,703
Projected End of as of September 2024: 2,266,200
Projected 2025: 2,227,468

Capital Fund

Fund / Department Description:

The majority of the Town's capital purchases are infrastructure projects, building renovations or larger vehicle and equipment purchases that are not SPLOST or Utility fund related. These non-routine purchases deemed to be one-time expenditures and not SPLOST or Utility Fund related are accounted for in the Capital Fund. These purchases are financed through either current year General Fund budget surplus or General Fund unreserved fund balance.

In previous years, all capital purchases were accounted for in the General Fund operating budget. To better understand the recurring operational costs of the Town, management has separated capital purchases from the general fund. In order to effectively manage the replacement of these items, the condition, estimated useful life, and anticipated replacement dates for each asset will be reviewed by department heads each year. Based on this input, these items are then prioritized and incorporated in the annual capital budget in a way that attempts to manage the annual funding levels needed to replace these assets in a fiscally sustainable manner.

Capital Asset Policy: Capital assets are defined by the Town as assets with an initial cost of more than $1,000 for general capital assets and infrastructure assets, and an estimated useful life in excess of two years. All capital assets are valued at historical cost or estimated historical cost if actual amounts are unavailable.

INTER OFFICE CORRESPONDENCE

TO: Town Administrator, Matthew Walker

FROM: Chief Sean Clayton

DATE: December 1, 2024

SUBJECT: Monthly Report for November 2024

POLICE DEPARTMENT:

The other P.D. car was sold on GovDeals, and we still have two Police Interceptors in the fleet. One is a pool car and the other is in use. We hired a new officer (Walter Anderson) was hired to fill Tommy Steeley's position so we're back up to seven officers on the street. We only have one more position to fill then we will be back fully staffed with two officers on days and two officers on nights.

Officers stopped a vehicle this month for a minor traffic violation and after making contact with the driver, it was discovered that the driver was driving while their driver's license was suspended. That violation warranted the driver to be taken into custody, and after a brief search of the driver, the officer found several fentanyl pills on the driver. Our CNT (Chatham Narcotics Team) agent was notified and they are going to be doing their own independent investigation on this same individual because of the fentanyl.

Lastly, P.D. has made preparations for Christmas on the Bluff and we are expecting to have three Officers and myself working the event so all bases on the P.D. side should be covered.

Town Administrator Report

- Christmas on the Bluff is December 14th at 4pm down River Drive
- We had a successful Small Business Saturday on November 30th where we gave swag bags out to our local businesses courtesy of American Express
- The Town Administrator has been accepted into the Leadership Savannah program for 2025
- The Mayor's Motorcade was a great success this year. The Georgia Regional staff and residents were fun, friendly, and full of the holiday spirit.
- Thunderbolt was proud to host this year's CMA dinner at the Legion earlier this month. We appreciate the Legion for accommodating us.
- Our staff and the Town Administrator have been hard at work creating a new five year plan for projects and upgrades to our town in conjunction with GMA.
- We have just had our first meeting with the Georgia Forestry Commission on Tuesday and are beginning the next phase of being able to obtain a new Tree Inventory to help increase our tree canopy and replace a lot of the trees that were destroyed by the Hurricanes.
