The trailer park no longer received the recycling service. Council Member Drohan asked about options for yard debris besides landfill. Ben Watson stated it can go to a C & D facility but the current option produces gas.

b) Axon Enterprise Inc.

Ross Blank and Rob Murangelo with Axon Enterprise explained the Camara and Taser Program. They explained the Taser 7 is more effective and safer for police and citizens. Town Administrator Milie asked from a liability standpoint, the availability of less than lethal force, other than reducing law suits, what are the other highlights? They explained there is a five year warranty. The Taser 7 is a two-shot weapon versus the older models with one shot. The two shot weapon improves the proper deployment to reduce possible injuries. The batteries are rechargeable. There is no additional charge for batteries as the previous contract. There is an unlimited cartridge replacement as well. They explained the camaras are upgraded at no cost.

He is going to test back up to both those systems. He is looking into a cloud backup for the Town, since it is currently housed onsite. Council Member Ward made the motion to approve the fee with a second by Council Member Crenshaw. Resident Ed Drohan stated he has been supportive of fees and taxes for STR since the beginning. Looking at these particular numbers side by side against any other business this might be onerous. This is an exclusive task to tax. GMA third parties get compensated by the fees collected. Council Member Crenshaw asked about bonds. Ms. Hilton stated GMA does not do bonds. When a third party helps with bonds, they get their money by adding it onto the bond. There is a lot that goes into getting a bond. Review revenue sources has been discussed. Town Administrator Milie stated there needs to be an updated tree inventory. Council Member Crenshaw stated UGA did the last inventory to established if the tree is healthy.

Town Administrator Milie would like to review all fees and license to make sure the Town is not losing money.

Town Administrator Milie stated he did already met with Judge Yancey and he is on board to assist in getting things cleaned up.

Council Member Drohan stated the need for traffic control for Bannon has expanded past trucks to speeding and running the stop sign and volume of traffic. Town Administrator Milie explained the current data for Bannon. The data collected shows less traffic but all in the appropriate speed limits. Town Administrator Milie and Fire Chief Bateman took the fire truck out to see if the turns could be made for alternative truck routes. The fire truck could not make the turn at Tuberson. There are concerns with River Supply. If they have the trucks back up. it stops traffic for too long. The only workable option is not within the Town's right of way. They could use Tubby's parking lot but he can put up a fence and stop trucks. There is still one more option, remove some of the curbing at River Supply. Council Member Ward stated he saw a truck try to back onto Russell Street. The truck tied up traffic. Council Member Drohan stated he wondered if River Supply would consider a consolidated shipping. Council Member Skipper-Greer asked about using Whatley and do the circle. This currently involves Bannon. Mayor Williams stated if the data comes back on the remaining option, we may have a solution to the problem.

Mayor Williams asked for a motion to adjourn the meeting. **Council Member Ward made the motion with a second by Council Member Drohan. The motion passed unanimously.**

5. **ADJOURNMENT:**

Town Hall –

Roof –The roof has been soft pressure washed – all suspect areas found have been repaired – and or addressed – no leaks have been noted to date – two more coverall coats will be applied when we may expect a consecutive series of days that will not go below 45 degrees – then suspect areas will receive a third application if necessary

Around Town –
The Dock railing and suspect pillars have been replaced to ensure the safety of occupants on the dock – wood will dry for 8 weeks and we can move on staining the wood

Town wide – Pothole project following a grid pattern is still on time and in process – actively looking into a longer lasting pot hole remedy

Grants –

- A Sewage Force Main replacement grant was submitted to the Georgia Office of Planning & Budget via the State Fiscal Relief Fund. The grant request was for $5,438,081 to which Thunderbolt will add $960,189 from our ARPA funds to finance the replacement of our sewer Force Main (12,114 linear feet) for an estimated total cost of $6,398,270. That is, Thunderbolt will provide 15% of project costs while requesting financing for 85%. By replacing the aged and vulnerable line, Thunderbolt will avoid

potential health, environmental impacts and other property damage caused by breaks and leaks. Have heard no feedback and is still awaiting committee review – Mayor Williams has also reached out to Gov. Kemp on the matter

- We have submitted an application for the public safety-first responder grant and it is still in process this is $1,000 per career police officer or fire fighter, as well as $300 for volunteer fire fighters – Have received this and will be distributed by next pay period

-In process of reviewing Ga Safe Sidewalks and DOT funding grants to move on 2022 goal of increasing our ADA compliance throughout the Town

Process Improvement –
Current CPA firm familiar with our process somewhat is working to address any finance matters in the interim as well as provide feedback on our systems and procedures in place for things ranging from payroll to reporting etc… - have a draft and moving towards staff bounce around to finalize a finance and purchasing policy

QS1 –

INTER OFFICE CORRESPONDENCE

TO: Town Administrator, Robert Milie

FROM: Chief Sean Clayton

DATE: February 1, 2022

SUBJECT: Monthly Report for January 2022

POLICE DEPARTMENT:

During the month of January, we had a robbery at the Enmarket convenience store. The suspect brandished a firearm and took cash from the store. Shortly after this investigation began, a person of interest has been identified, and we are working with Savannah PD because it appears this same person is involved in several of their armed robberies as well. This is still a very active investigation so I have to limit some of the details, but I will keep everyone up to date as things continue to develop.

I want to recognize Sergeant Runyon for his aggressive approach to jumping on this investigation because he worked on a couple of his days off. Investigations like this are time sensitive and every minute matters. I would also like to recognize Corporal Mike Foran for his assistance in helping a stranded motorist. The person mailed in a hand written thank you card for Corporal Foran's assistance and how professional he was, which is a direct reflection on the department as a whole. A copy of that letter is attached below.

Officer Foran. My car broke down on Saturday January 15th. AAA left me stranded but officer Foran did not. He stayed with me and my friend until the wrecker arrived which he called when AAA would not come. His service epitomize what the public should appreciate in an officer. I thank officer Foran and your department for helping and looking out for me. Thank you All again.

Best Wishes
Dan Chafe
