TOWN OF THUNDERBOLT
REGULAR MONTHLY MEETING
WEDNESDAY, JULY 10, 2024
6:00 PM

DRAFT

AGENDA HEARING

Public has five minutes per person to ask questions or comment on any agenda item.
Mayor Williams opened the public hearing up at 6 pm.

Mayor Williams asked Interim Town Administrator Matthew Walker to explain the Planning & Zoning application before Council this evening. Mr. Walker explained the request was to add a water tap to the property in order to provide water to wash equipment, dumpsters, and to water plants that the applicant wished to plant along the front side of the property. Mr. Walker stated the request was recommended for approval with the conditions adding a catch-basin or other items to catch the water being used. The concern is the contaminated water will run off into the ditches, which is not permissible.

Council Member Lavin asked Director Crosby about the potential water usage by the applicant. Director Crosby estimated between 5,000-15,000 gallons per month. Council Member Crenshaw mentioned the Abercorn Creek withdrawal and asked if we owed the City of Savannah for any water usage. Council Member Lavin noted that more usage will cost the Town more. Council Member Drohan stated it is 2.8 times higher cost to buy water rather than produce water. Dr. Drohan stated we need to think about the future and asked if we will ever be able to drill another well in future.

Sue DeRosa, 3215 Bannon Dr, stated she taught environmental science and there are ways to reduce water usage. She stated shallow wells are not a way to think about conserving and reducing water usage. She also stated that water from roofs, A/Cs, and car washes can be caught in a cistern and recycled.

Joan Hayes, 2801 Hayes Ave, spoke about the condition of Shell Rd between Martha and Whatley. She stated it is terrible and wants to know what can be done about it.

Meredith Allen, 3220 Falligant Ave, stated that houses being converted to STRs impacts the feeling of community. She stated it is new people all the time and it impacts all neighbors. She would like the Town to look into creating zones where STRs are allowed.

Jan Yarbrough, 24 Bonaventure Rd, asked the Town to re-look at the P&Z request and possibly approve with a limit on the water usage allowed.

Joan Dickerson, 3204 Gragg St, asked about the Shell Rd STRs (Ashlyn Retreat). Interim Town Administrator stated the property owner has had STR Certificates for these houses since before the cap of 70 was reached. The houses are now complete and the homes are now being rented as STR properties.

Beth Ferencsik, 18 Bonaventure Rd, mention the blind curves on Bonaventure Rd. and stated stop signs are needed.

Catherine Clements, 3224 Cedar St, mentioned there are 2 STR units on her street. She stated there are sometimes up to 8 cars in driveways/yards. She stated she called and complained, and that she didn't know who was staying there or how many people. She also stated she was almost hit on Whatley near Wright Ave.

Mayor Williams closed the public comment at 6:37 pm.

REGULAR MEETING

1. **Call to order -** Mayor Williams called the meeting to order at 6:38 pm.

2. **Roll Call by Presiding Officer with Invocation, followed by the Pledge of Allegiance**

   In Attendance is Mayor Dana Williams and Council Members: Bethany Skipper-Greer, David Crenshaw, Edward Drohan, James Lavin, and Brooks Barbaree.    b) Second Reading and Approval of STR Ordinance Amendment

   c) Second Reading and Approval of Fence Ordinance Amendment

   d) Approval of Standard Repair Agreement for elevator

DRAFT

A motion was made by Council Member Skipper-Greer to approve all items of the consent agenda. Council Member Crenshaw provided the second. The motion passed unanimously.

8. **Discussion Agenda:**

   a) Approval of Macceo Drive paving project

   A motion was made by Council Member Crenshaw to approve Macceo Drive paving project. Council Member Drohan provided the second. The motion passed unanimously.

   b) Approval of PD HVAC replacement

   A motion was made by Council Member Drohan to approve PD HVAC replacement. Council Member Crenshaw provided the second. The motion passed unanimously.

   c) Town of Thunderbolt investments

   A motion was made by Council Member Crenshaw to table this discussion. Council Member Drohan provided the second. The vote to table was unanimous.

   d) Planning & Zoning Application – JM & DOC Holdings – Water Tap on Downing Ave.

   A motion was made by Council Member Drohan to table this discussion. Council Member Crenshaw provided the second. The vote to table was unanimous.

9. **Department Report –** Written Reports Submitted

   by: **Police / Municipal Court / Neighborhood Watch – Sean Clayton, Chief of Police**
   Chief Clayton had nothing to add to his report.

   Fire –Fire Chief, Andrew Bateman
   Chief Bateman had nothing to add to his report.

   Public Works Department – Director of Public Works, Oscar Crosby
   Director Crosby had nothing to add to his report

   Town Clerk – Matthew Walker, Town Clerk
   Clerk Walker had nothing further to add to his report.

10. **Legal Report –** Town Attorney, Charlie Barrow

    Nothing to report or discuss

11. **Mayor and Council –**

    Dangerous/Problematic Intersections – Dr. Drohan

    Dr. Drohan stated blind curves and dangerous intersections need to be reviewed for improvements. He recommends 4 way stops and asked Director Crosby to consult with City of Savannah Traffic Engineering for other ways to increase safety at these intersections.

    Dilapidated and Neglected properties in Thunderbolt re: health and welfare – Dr. Drohan

DRAFT

Dr. Drohan stated that there are many dilapidated and neglected properties in Town. He read the Code on dilapidated properties and stated something needs to be done to remove the health and safety hazards surrounding these properties. He requested that we consider alternative methods for disabled, elderly, and those living in poverty.

12. **Thunderbolt Museum**

Anna Maria Thomas discussed the Flea Markets will start back in September. The museum is taking donations for items in the museum store. She stated she will need help for the flea markets. She also stated some historical items were donated to the museum that allowed the museum to create a "history wall" for visitors to view.

13. **Executive Session-**

Council Member Crenshaw made a motion at 7:50 pm to leave regular session to enter executive session to discuss Personnel, Property, or Litigation. Council Member Drohan seconded. The motion passed unanimously.

Council Member Crenshaw made a motion at 8:37 pm to leave executive session to return to regular session. Council Member Drohan seconded. The motion passed unanimously.

Mayor Williams announced that Matthew Walker has been named the new Town Administrator for the Town of Thunderbolt

Mayor Williams asked for a motion to adjourn the meeting. **Council Member Ward made the motion with a second from Council Member Crenshaw. The motion passed unanimously.**

14. **Adjournment:**

The meeting adjourned at 8:38 pm.

Dana Williams, Mayor Matthew D. Walker, Town Clerk

DRAFT

Mayor's "Know Local- Go Local" Initiative

Thunderbolt Businesses

Spotlight Recognition

For September 2024

WHEREAS, The Mayor's "Know Local-Go Local" Business Spotlight Program was created in order to recognize and showcase local area businesses that are vital to the Town's identify, one of small-Town charm, and local business that serve and support families in our community.

This recognition program is exclusive to none, for we all stand to benefit as a community via prosperity of our Town's businesses. Through this program, members of the community are exposed to a variety of businesses that have displayed their desire to be excellent stewards of not only their business, but of the community as a whole, ensured to support diversity in their workplace, and a desire to continue to do the excellent work, service, or craft they perform.

It is with the forementioned values at the ready, I Mayor Dana Williams, proudly recognize and encourage all our citizens and visitors to visit these establishments, learn about them, view their websites, social media, and ultimately support these and all local businesses.

Hereby the following is recognized as the Thunderbolt Business Spotlight of the week...

The week of September 1st, 2024- "Know Local- Go Local" Spotlight is...

Luminary Salon – Artistic and Creative Beauty Salon

The week of September 8th, 2024- "Know Local- Go Local" Spotlight is...

Savannah Wildlife Rescue Center - Rescue specializing in small mammal rehabilitation

The week of September 15th, 2024- "Know Local-Go Local" Spotlight is...

Ali-Gator Marine Works – Marine fiberglass and gelcoat repair experts

The week of September 22nd, 2024 - "Know Local - Go Local" Spotlight is...

Precision Firearms – Firearm repair, customization, sales and training

I and We look forward to spotlighting all the businesses within the Town of Thunderbolt, as we continue to grow and develop as a Town and Community to support one another.

4549 Whatley Avenue - Ray Property

Robert Portman <Robert@barnardarchitects.com> Wed, Jul 31, 2024 at 4:31 PM
To: Matthew Walker <mwalker@thunderboltga.org>
Cc: "bryan@keithrayconstruction.com" <bryan@keithrayconstruction.com>

Matthew,

This message is informing the Town of Thunderbolt, on behalf of my client Bryan Ray, we request the zoning petition amended from R-2 to R-1 for vote at the upcoming Town of Thunderbolt City Council Meeting.

Thank you,

Robert Portman

PLANNING AND ZONING
LAND USE REVIEW
Town of Thunderbolt

APPLICATION TYPE: Map Amendment - Zoning

PLANNING AND ZONING COMMISSION DATE: 5-15-2024 ; 7-17-2024

TOWN COUNCIL DATE: ~~6-5-2024~~ ; 8-14-2024; 9-11-2024

NOTICE TO PAPER: 4-24-2024; 7-3-2024

PUBLISH DATE(s): 4-28-2024; 4-29-2024; 7-7-2024; 7-21-2024

Request:	Request to rezone via map amendment 2 parcel lots of record from Institutional Professional [I-P] to Multi-Family Residential [R-2] in the vicinity of Whatley Avenue and Fish Bait Trail.
Owners/Applicants:	Bryan Ray/Keith Ray Construction
Location:	Corner of Whatley Ave and Fish Bait Trail
Parcel ID#:	30292 02013; 30292 02011
Approximate Lot Size(s):	*40.45 x 112, 0.1ac; 95x77, 0.1ac*
Total Acreage of all lots:	0.264 Acres 11,498.38 Square Feet
Zoning Designation:	Institutional Professional [I-P]
Zoning Proposed:	Multi-Family Residential [R-2]

FINDINGS:

1. This request aims to rezone via map amendment 2 lots of record situated on the corner of Whatley Avenue and Fish Bait Trail on the southern side of Thunderbolt town boundaries, generally nearby Savannah State University from Whatley Avenue.
2. Applicant is requesting the change of zoning to the Two-Family Residential District [R-2] proposed residential (2 Units) use.
3. This report is revised, corrected, and updated from the previous regular Planning & Zoning Commission meeting held on May 15, 2024.
4. Staff has reviewed this application for compliance with the Thunderbolt Code of Ordinances [the Code] and finds that the following findings are applicable to map amendments.
5. Upon review, these lots are zoned Institutional Professional [I-P]; with nearby existing residences.
6. Whatley Avenue is designated as a secondary arterial roadway.
7. Savanah State University is located 65 feet away from the property location.
8. Upon review, Institutional Professional [I-P] does not allow Residential as a permitted use.

9. Density standards for 2-bedroom multi-family dwelling units are 9 units per acre and are required to conform to Town of Thunderbolt Development Standards.

10. Upon review of Two-Family Residential [R-2], permitted uses include the development of two-family dwellings with compatible nonresidential uses.

11. Upon review of the Thunderbolt Code of Ordinances, Zoning Appendix A, the Institutional Professional [I-P] district is composed of a variety of commercial conditional uses, provided review and approval by the Board of Zoning Appeals. Development within this district is subject to the approval of the governing body.

12. Dwelling, two-family means a building with or without a party wall, designed for two families.

13. Upon review, staff finds that the applicable use of Residential is permitted in the [R-2] Two-Family Residential District.

14. Upon review, staff find that the minimum lot area and minimum lot width for the proposed use of Two-family residential (2) units is met for the sizeable parcel of lots.

15. To calculate maximum dwelling unit density of 9 units per acre:

    a. 43,560 / 9 = 4,840 square feet.

    b. 4,480 square feet times 2 units = 8,960 square feet.

16. The parcels in question for zoning review have a combined lot area of 11,498.38.

17. Density is defined as dwelling units per acre of gross land area. 1 acre equals 43,560 square feet.

18. Upon review of the existing area, there are a number of nearby residences including:

    a. 2 College Buildings – Institutional

    b. 1 Church – Institutional

    c. 19 Residential Structures – Residential

19. Of the 19 residential structures, a majority are considered single-family. However, there exists multiple dwelling units defined as multi-family both attached and detached.

20. Upon review and research, previous property on Fish Bait Trail was rezoned according to the minutes of Town Council March 10, 2021, to Residential Multi-Family [R-3].

    a. The parcel in question is currently vacant land.

    b. For information, the 2021 rezoning was unanimously approved by both Planning & Zoning Commission and Town Council.

    c. The Zoning Map Exhibit in this packet is corrected.

    d. This information is provided simply to detail the variety of active and inactive residential uses and structures in the [I-P] zoning district vicinity.

    e. Institutional-Professional does not permit residential uses by right.

PLANNING AND ZONING DEPARTMENT RECOMMENDATION

Town Staff recommend **APPROVAL** of this rezoning map amendment provided that the combined lots of record meet the minimum lot area as allowed by the maximum density for two bedroom dwelling two-family units.

In review of Applicable Zoning Standards, in this updated land use report (see blue below) each standard was reviewed for findings as requested by the Planning and Zoning Commission.

REVIEW OF APPLICABLE ZONING STANDARDS:
Thunderbolt Code of Ordinances – Zoning Appendix A, Art. XVIII. Amendments

(h) ***Standards and Criteria for Making Zoning Amendments.*** However, prior to making a zoning amendment, the mayor and council shall evaluate the merits of a proposed zoning amendment according to the following criteria:

The planning and zoning commission may evaluate any proposed zoning amendments according to the following criteria and, if used, should be included in their recommendation to the mayor and council.

(1) Is this request a logical extension of a zoning boundary, which would improve the pattern of uses in the general area?

Yes, many properties in the area are residential, whether non-conforming and/or platted purposefully to hold single-family, two-family, and multi-family housing.

(2) Is this spot zoning and generally unrelated to either existing zoning or the pattern of development in the area?

No, the proposed development is in scale to the development standards of the proposed district use in a manner that will enhance the quality of life of residents while maintaining the curated low-density housing as exists currently.

(3) Could traffic created by the proposed use or other use permissible under the zoning sought traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

No, the zoning proposal is compatible for the level of streets in the area. In research, the property in question held a residential unit before demolition. The number of trips derived from the proposed use is tangible to the historical use.

(4) Will this request place irreversible limitations on the area as it is or on future plans for it?

No, currently the property is vacant. The Town of Thunderbolt's Comprehensive Plan states weaknesses to include vacant and blighted property should be improved as a mission and goal in livability.

(5) Is there an eminent need for the rezoning and is the property likely to be used for the use requested?

Yes. The owner-applicant has requested the proposed zoning to build residential.

(6) Will the proposed use substantially conflict with existing density patterns in the zone or neighborhood?

No. The proposed use is consistent with the present zoning pattern. There are surrounding residential and institutional uses many of which are zoned Residential Single-family [R-1], Two-family Residential [R-2], Institutional-Professional [I-P], and Business [B].

(7) Would the proposed use precipitate similar requests which would generate or accelerate adverse land use changes in the zone or neighborhood?

No. There are several vacant lots of record along Fish Bait Trail that could in future be developed, provided any conditional uses are approved and meet the development standards for the Institutional-Professional [I-

P] zoning district. Developing vacant lots would not indicate adverse land use according to the Town of Thunderbolt's Comprehensive Plan. It is possible to assume similar requests for residential could occur to blend future development in harmony with existing structures and neighborhood character.

(8) Will the action adversely impact adjacent or nearby properties in terms of:

(i) Environmental quality or livability, resulting from the introduction of uses or activities which would create traffic, noise, odor or visual hazards or the reduction of light and air that is incompatible with the established development pattern.

No, the proposed use will not result in adverse impacts. Any development on site would be similar in use to the existing number of structures in the area that are reasonably residential in character.

(ii) Property values, by rendering such properties less suitable and therefore less marketable for the type of development to which they are committed or restricted in order to promote the public welfare and protect the established development pattern.

No. Adding residential to this area will allow particular neighborhood compatible development. The inability to build single-family or two-family residential on these lots diminishes equity by restricting property owner's choices and investment potential.

(9) Will the action create development opportunities of such increased intensity that storm water run-off from the site cannot be controlled within previous limits, which results in adverse impacts upon existing downstream drainage problems or potential problems?

No. Any development on site would be required to adhere to the stormwater protection ordinance and all others of the construction code, tree protection, wetland protection, etc.

(10) Will the action result in public service requirements such as provision of utilities or safety services which, because of the location or scale of the development, cannot be provided on an economic basis and therefore would create an actual burden to the public?

No. The proposed use meets the development standards for the proposed district including in size and scale. The location of Whatley Ave. and Fish Bait Trail is very close to already existing utilities including water and sewer service as provided by the Town of Thunderbolt. The existing utilities include the standard 2-inch water line, and 8-inch gravity sewer. This property is centrally located on an arterial street which provides through connection to the remaining neighborhood.

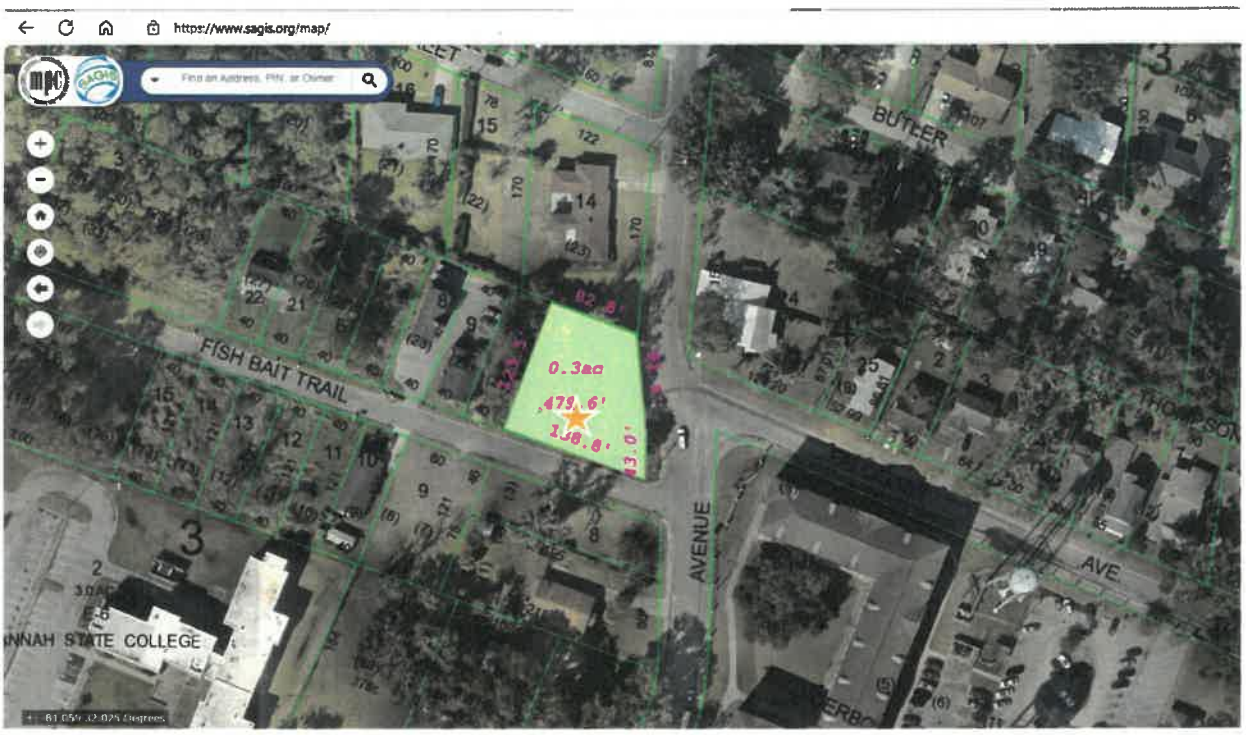

PLANNING AND ZONING COMMISSION RECOMMENDATION:

Upon review of the information on May 15, and additional information presented on July 17, the Planning and Zoning Commission DENIED UNAMIOUSLY the request for rezoning Two Family Residential [R-2].

ARTICLE V. - ESTABLISHMENT OF ZONING DISTRICTS

I-P. Institutional Professional:

An area set aside and so situated as to be well adapted to professional and institutional development as outlined in the use schedule, but where the proximity to residential districts will not be undesirable.

Uses permitted:

1.Pipeline, power transmission line, and telephone, except cellular phone towers, and such related public utility structure or station necessary for the installation or maintenance of utility services.

Uses permitted upon review and approval of the board of zoning appeals:

1.Churches.
2.Professional office space.
3.Signs (see article XIII).
4.Restaurant.
5.Specialty shops, gift shops, florist, jewelry, craft shops, ceramics, camera shops, antique shops, bookstores, art supplies, music stores, photography shop and studio.
6.Tailor or dressmaker, pressing and cleaning shop, having not more than three pressing machines and one dry cleaning unit.
7.Wearing apparel store.

8.Accessory uses and buildings.
9.Day nurseries, pre-school and kindergartens provided that a minimum of 100 square feet of outdoor play area is provided for each child and that all such areas are enclosed on all sides with at least a four-foot-high fence and a 30 square foot inside floor area is provided for each child.

R-2: Two-Family Residential.

An area designated for the development of up to two-family dwellings, with compatible nonresidential uses. See Article XI: Development Standards for Dwellings.

Uses permitted:

1.One-family dwelling.
2.Two-family dwelling.
3.Accessory uses and buildings.
4.Pipeline, power transmission line, and telephone, except cellular tower, and such related public utility structure or station necessary for the installation or maintenance of utility services.
5.Publicly owned or operated buildings or uses, including a school, library, museum or art gallery, fire or police stations, community building in a public park, public park, playground, picnic area, swimming pool, golf course, and other public recreation uses.
6.Private residential boat docks.
7.Family personal care home.

Uses permitted upon review and approval by board of zoning appeals:

1.Personal care home for conditions other than allowed in a family personal care home.
2.Signs (see article XIII).

R-1: One-Family Residential:

The purpose of this district shall be to create an environment in which one-family dwellings are permitted in order to promote stability and character of low-density residential development with adequate open space. No uses other than one-family residences will be permitted unless board of zoning appeals grants a variance.

Uses permitted:
In an R-1 district, land may be used, and buildings or structures may be erected or used for the following:

1. One-family dwellings.
2. Accessory uses and buildings.
3. Pipeline, power transmission line, and telephone, except cellular phone towers, and such related public utility structure or station necessary for the installation or maintenance of public utility services.

4. Publicly owned or operated buildings or uses, including a school, library, museum or art gallery, fire or police stations, community building in a public park, playground, picnic area, swimming pool, golf course, and other public recreation uses.
5. Private residential boat docks.
6. Public community buildings, libraries, recreation centers, museums.
7. Family personal care home.

Uses permitted upon review and approval by the board of zoning appeals:

1.Bed and breakfast: Conditional use.
2.Signs (see article XIII).

DESCRIPTION OF PROPERTY

Applicant's Name: Bob Portman agent for Bryan Ray Phone # 912-232-6173

Applicant's Address: Barnard Architects, 220 East Hall Street, Savannah. Ga. 31401

4549 Whatley Avenue — Property Address
Lots 4, 5 & 6 — Parcel Number

Owner's Name & Address: Keith Ray Construction. 2305 Rowland Avenue, 203 Savannah, GA 31404

Zoning District I-P Current Use of Property Vacant. Derelict House Removed

Proposed Use of Property Mult-Family Two Story Duplex

REASONS FOR APPLICATION

1. ( ) A decision of the Zoning Administrator which the applicant believes to be contrary to the meaning of the Zoning Ordinance.

2. ( ) An application to establish a use which must be approved by the Planning Board (See "Use Schedule – List of Uses #).

3. ( ) A request for a variance ( ) a yard requirement; ( ) a lot width requirement; ( ) a lot area requirement. Note: Variances are heard and approved on a case-by-case basis; when resulting in practical difficulty or unnecessary hardship. Code of Ordinances 16.6c

4. ( ) A request for extension of non-conforming use.

5. (✓) Rezoning request from I-P classification to a R-3 classification

6. (✓) Other Review and approval of Recombination Plan prepared by MITR Survey dated 4/19/2024

Describe the unnecessary hardship or practical difficulty which you feel justify the action requested. List, when necessary, the specific Sections of the Zoning Ordinance which have a bearing on your request. (Use back of this sheet if necessary.)

Refer to attached Description

OTHER INFORMATION REQUIRED

Refer to Article XV, Zoning Ordinance

Attach, hereto, a scaled or dimensioned map, plat, or sketch of tract, of property in question and all other adjoining lots or properties under the same ownership. Said map, plat, or sketch shall indicate the approximate location of all the properties in question with respect to the nearby public roads in common use.

Date Received: 4.24.2024 Zoning Administrator: Matthew Walker

Name and Address of Contractor(s) Keith Ray Construction. 2305 Rowland Avenue, 203 Savannah, GA 31404

The following is a list of the names and addresses of all adjacent property owners within approximately a two-hundred (200) foot radius of the property:

Variance Request Description

Town of Thunderbolt – Planning & Zoning

4549 Whatley Avenue
PIN Number:
Current Zoning: I-P
Zoning Change Variance Request: R-3

History:
Bryan Ray of Keith Ray Construction recently purchase 4549 Whatley Avenue from Fredrick Maner Jr in 2019. The property historically had three lot divisions (4, 5, & 6). Lot 4 currently is subdivided from lots 5 & 6. At time of property purchase, a residence sat on lots 5 & 6 which has since been removed by Mr. Ray.

Request Description:
Current property zoning is I-P which allows for commercial use.

With zoning approval from I-P to R-3, Mr. Ray wishes to construct two apartment units (duplex). With housing in demand, a multi-family use is a logical and practical better use than commercial on this property. Apartments will be two story; three bedroom x two -1/2 bath in a low country style with front and rear porches or stoops with front sidewalks extending out to Whatley Ave. Each unit will have a single car garage.

With the approval of the R-3 zoning re-classification no other variances are known to be needed at this time ie setbacks.

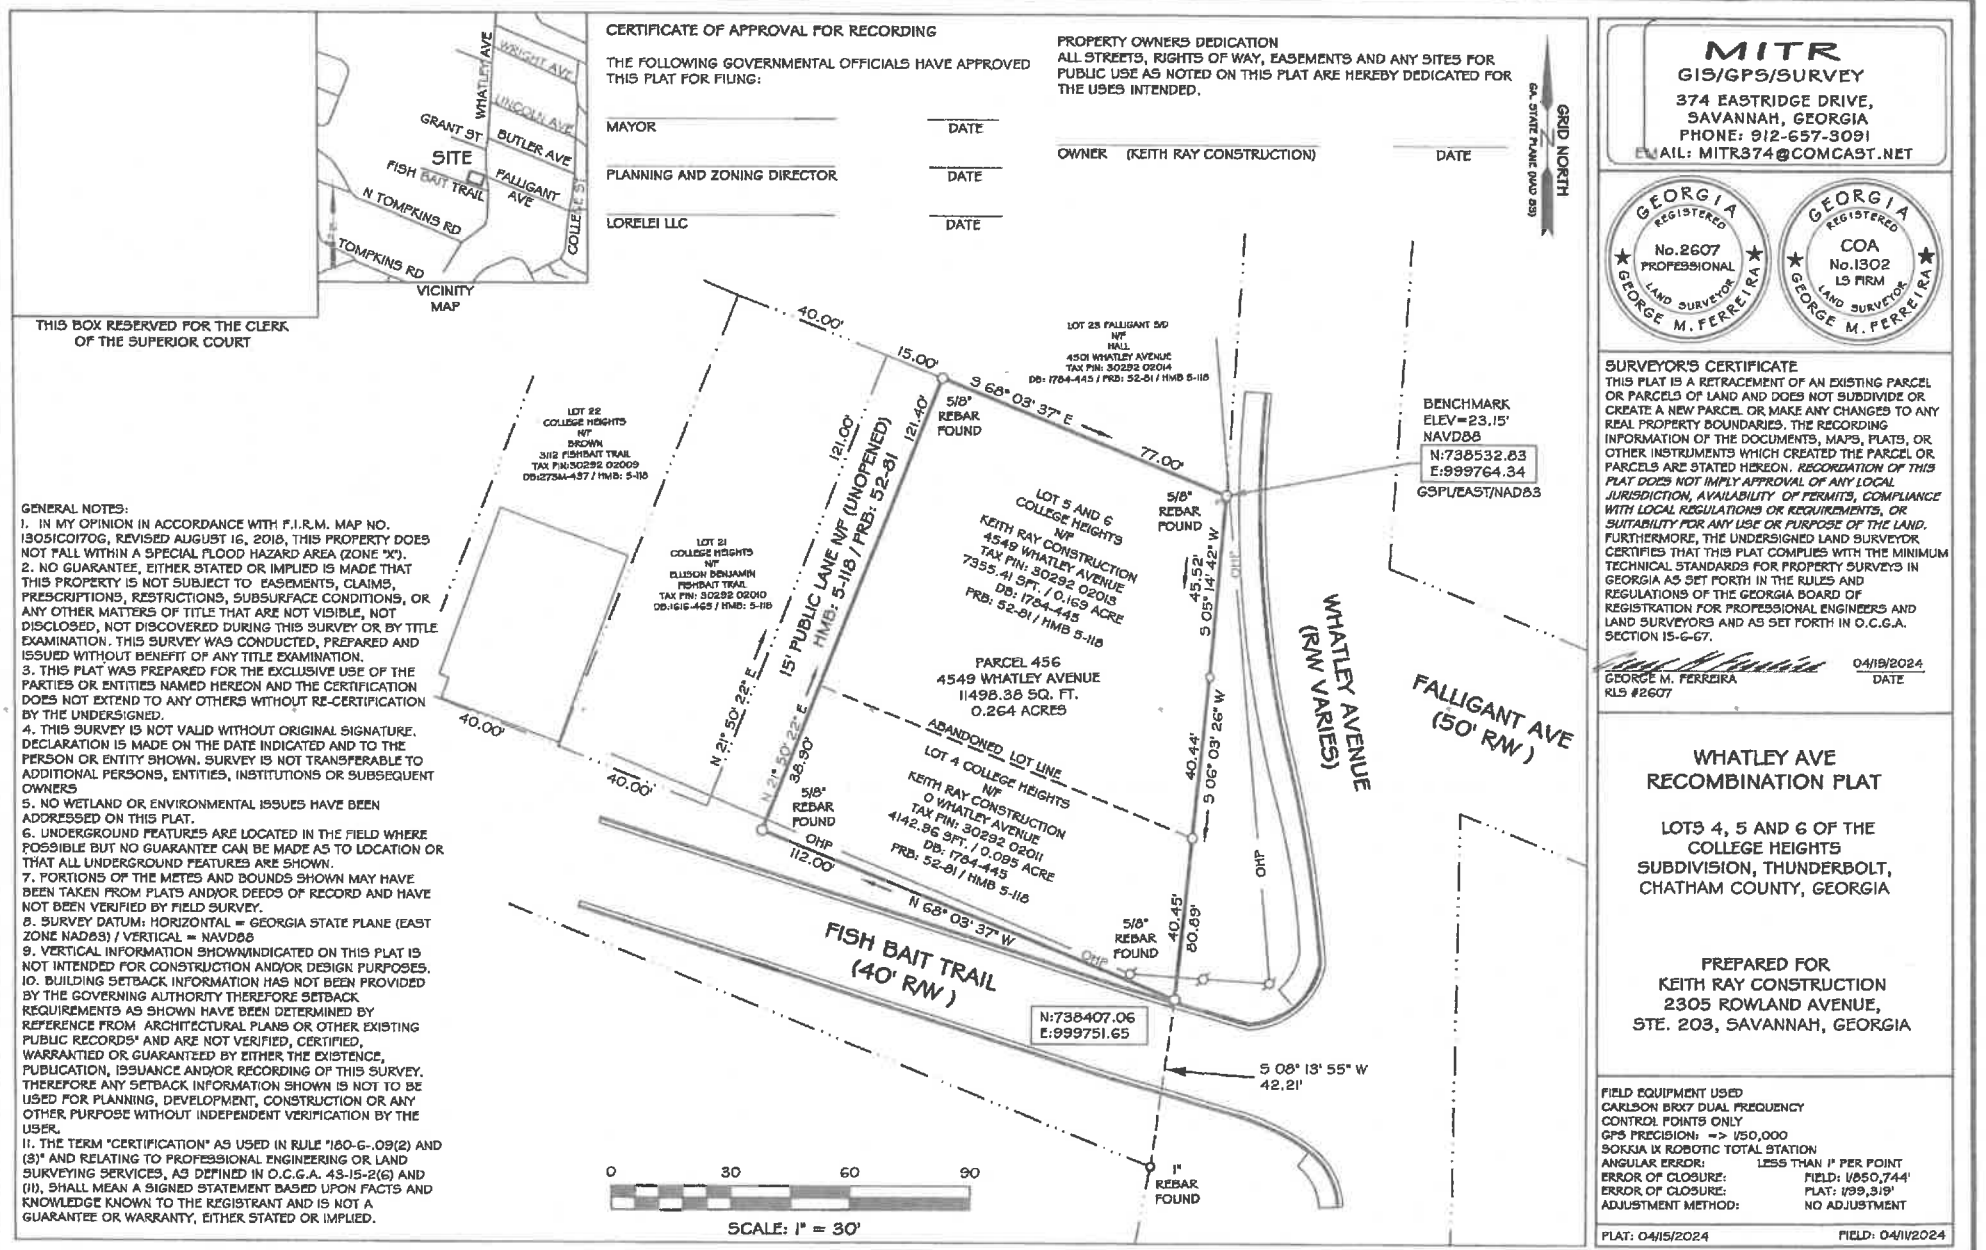

We contend this requested variance will be consistent with the intent of the Zoning Ordinance and shall not be injurious to the neighborhood or otherwise detrimental to the public health, safety or welfare within the Town of Thunderbolt. The project will enhance the neighborhood and assures the lot becomes developed and an asset versus an empty.

Included with our application is the recombination plat exhibit combining all three lots into one single lot.

PLANNING AND ZONING
LAND USE REVIEW
Town of Thunderbolt

APPLICATION TYPE: Subdivision - Combination

PLANNING AND ZONING COMMISSION DATE: 5-15-2024; 7-17-2024

TOWN COUNCIL DATE: ~~6-5-2024~~; 8-14-2024

NOTICE TO PAPER: 4-24-2024; 7-3-2024

PUBLISH DATE(s): 4-28-2024; 4-29-2024; 7-7-2024; 7-21-2024

Request:	Request to combine 2 contiguous lots located at corner of Whatley Avenue and Fish Bait Trail, Thunderbolt, GA into 1 lot parcel.
Owners/Applicants:	Bryan Ray/Keith Ray Construction
Location:	Corner of Whatley Ave and Fish Bait Trail
Parcel ID#:	30292 02013; 30292 02011
Approximate Lot Size(s):	*40.45 x 112, 0.1ac; 95x77, 0.1ac*
Total Acreage of all lots:	0.264 Acres 11,498.38 Square Feet
Zoning Designation:	Institutional Professional [I-P]

FINDINGS:

1. This combination (resubdivision) request aims to combine (2) two separate lots into (1) lot parcel of record.
2. Staff has reviewed this application for compliance with the Thunderbolt Code of Ordinances [the Code] and finds that the proposed lot is acceptable with respect to lot width. The proposed lot also meets the minimum required lot area for this zoning district.
3. Upon review, Staff finds that this request can enable further use of the property in a practicable manner given the existing configuration and ownership of the site.
4. For consideration, the neighboring parcel lot has a calculated 0.43 acreage.
5. Planning Commission review and Council approval is required because this request involves a modification to land in the recombination of lots.
6. It is the duty of the Planning and Zoning Commission to inspect site plans and to suggest changes which should be made in the proposed design of the plan as per Code Sec. 15-801 and forward to Town Council with the recommendations.

PLANNING AND ZONING DEPARTMENT RECOMMENDATION

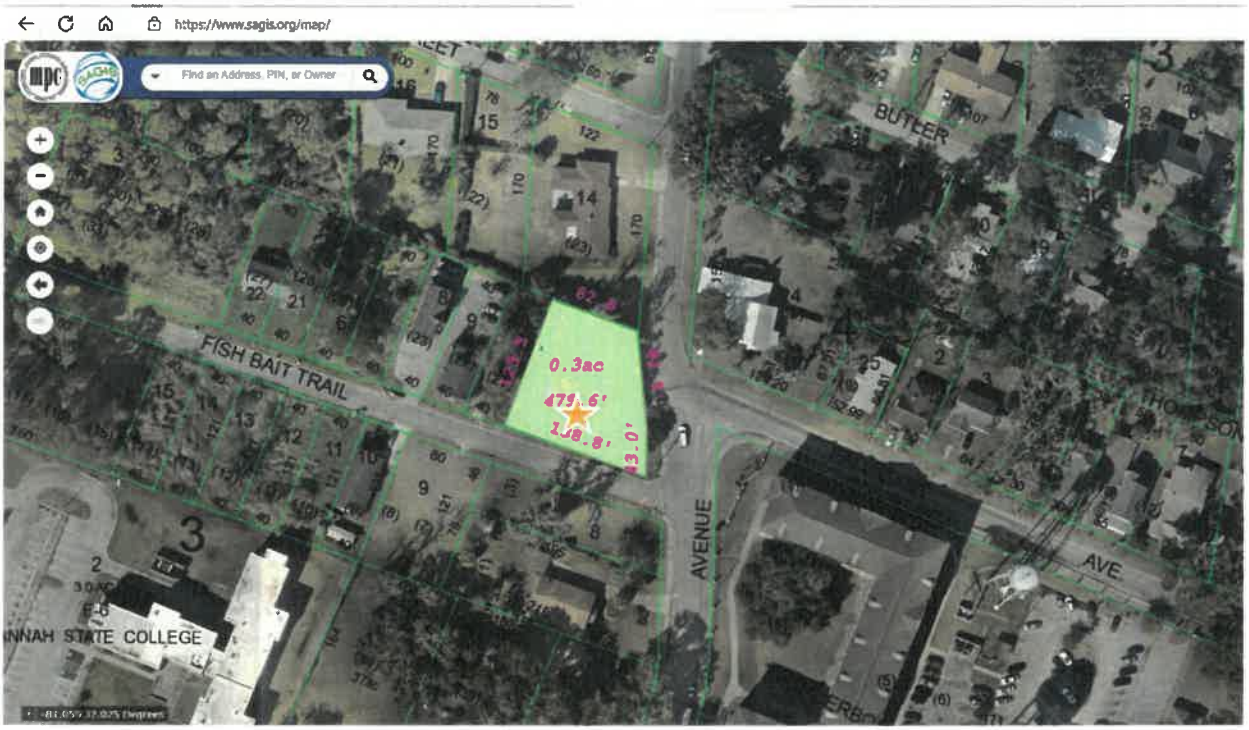

Town Staff recommend **APPROVAL** of this subdivision combination.

PLANNING AND ZONING COMMISSION RECOMMENDATION:

Planning and Zoning Commission approved unanimously on July 17, 2024.

PLANNING AND ZONING
LAND USE REVIEW
Town of Thunderbolt

APPLICATION TYPE: Plan Approval of [P-B] Business Zone

PLANNING AND ZONING COMMISSION DATE: 6-26-2024

COUNCIL DATE: 7-10-2024 ; 8-14-2024

Request:	Request to install water-tap and provide water service in the area generally bounded by Bonaventure Road, Downing Ave, and the northern town boundary of Thunderbolt, GA.
Owners/Applicants:	JM & DOC Holdings
Location:	Downing Ave
Parcel ID#:	30002 01014
Zoning Designation:	Planned Business District [P-B]

FINDINGS:

1. This request aims to allow a water-tap in a Planned Business Zone.
2. Staff has reviewed this application for compliance with the Thunderbolt Code of Ordinances [the Code] and finds that planned development districts may require special considerations for site plan development due to proximity of residential uses, intensity of proposed development, or the presence of actual or potential traffic occurrences. The prefix "P" may be applied to any zoning district classification for any property that meets the aforementioned criteria.
3. Article IX of Appendix A – Zoning; Planned Development District, 6. Specific Plan provides that no development shall take place until detailed development plans where required, be submitted for review and approval by the PZ Commission and Council. In smaller projects, a general development plan may be required, but the PZ Commission should be consulted as to the requirement of a general development plan.
4. Article IX of Appendix A – Zoning; Planned Development District, 7. Standards provides that development shall be applied as provided elsewhere in the chapter for the particular district.

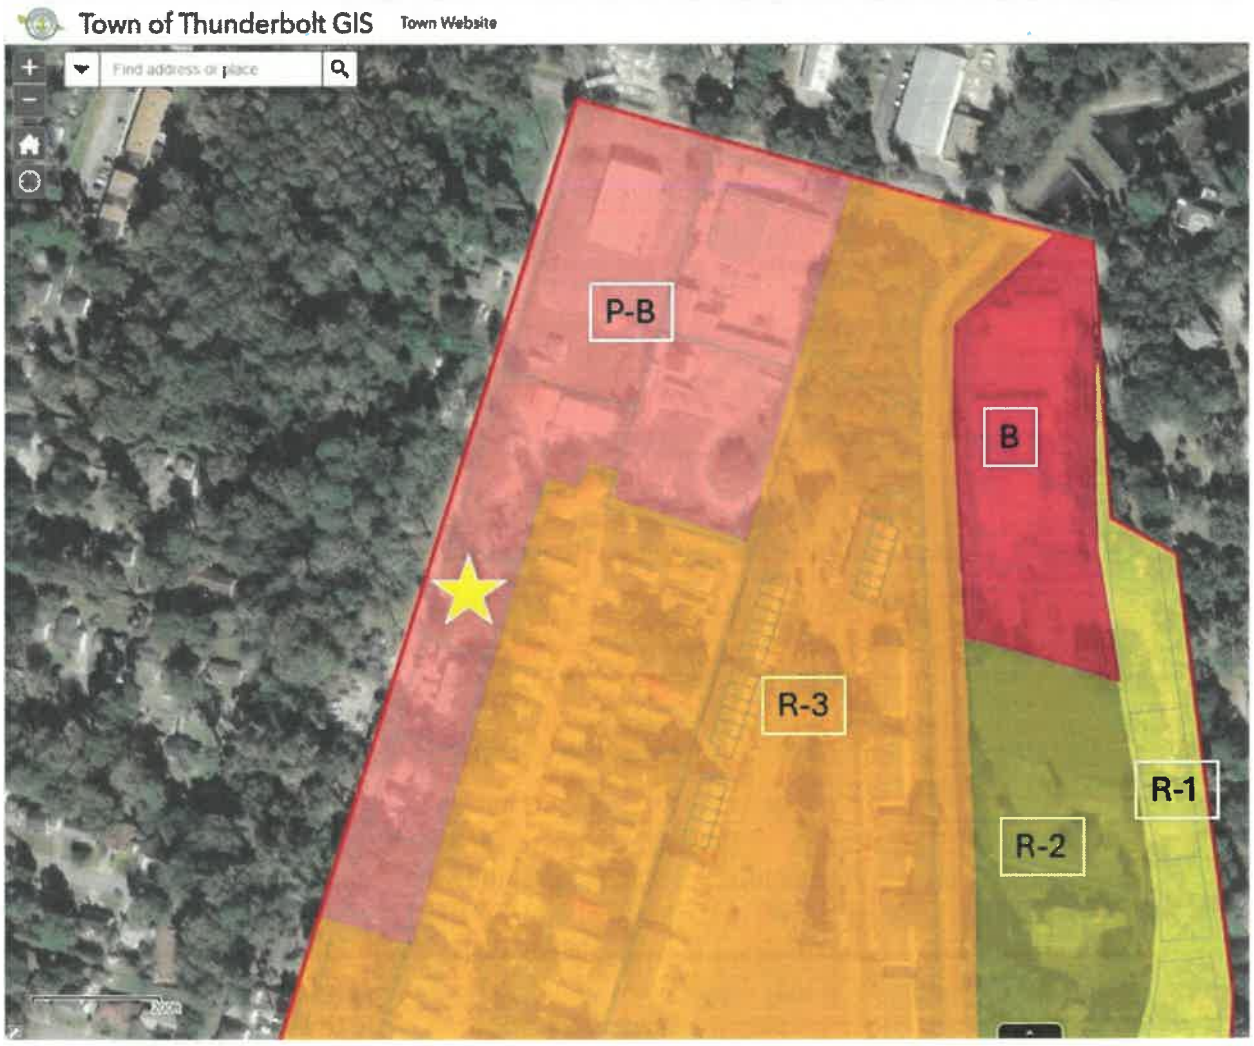

PLANNING AND ZONING DEPARTMENT RECOMMENDATION:

Town Staff recommend **APPROVAL** of this site request provided that all necessary requirements are met with Public Works to provide physical installment of water and comply with rules and regulations to the service provided.

PLANNING AND ZONING COMMISSION RECOMMENDATION:

At PZ Commission, discussion of the site commenced with an installment request of a water-tap and updated fence. It was determined by C. Barrow that a fence can be installed following the code for the fence ordinance.
Planning Commission **APPROVED** the applicant's request for a Water-Tap.

Georgia Fund 1 (GF1)

- O.C.G.A. § 36-83-1 to § 36-83-8 authorizes Georgia local governments and other eligible entities to invest funds in Georgia Fund 1 ("GF1"). GF1 is managed in trust by the Office of the State Treasurer.
- Eligible participants must complete a resolution authorizing investments to participate in the pool. The resolution and other documents can be found on our website at www.ost.georgia.gov
- GF1 is managed to maintain a constant net asset value (NAV) of $1.00.
- Yield is calculated on an actual/365-day basis net of administrative fee(1).
- GF1 is rated AAAf/S1 by Fitch.
- For the month of June 30, 2024, GF1 participants earned 5.40%(2).
- As of June 30, 2024, GF1 assets were $30.8 billion.
- As of June 30, 2024, the weighted average maturity (WAM) was 33 days.

Portfolio Composition

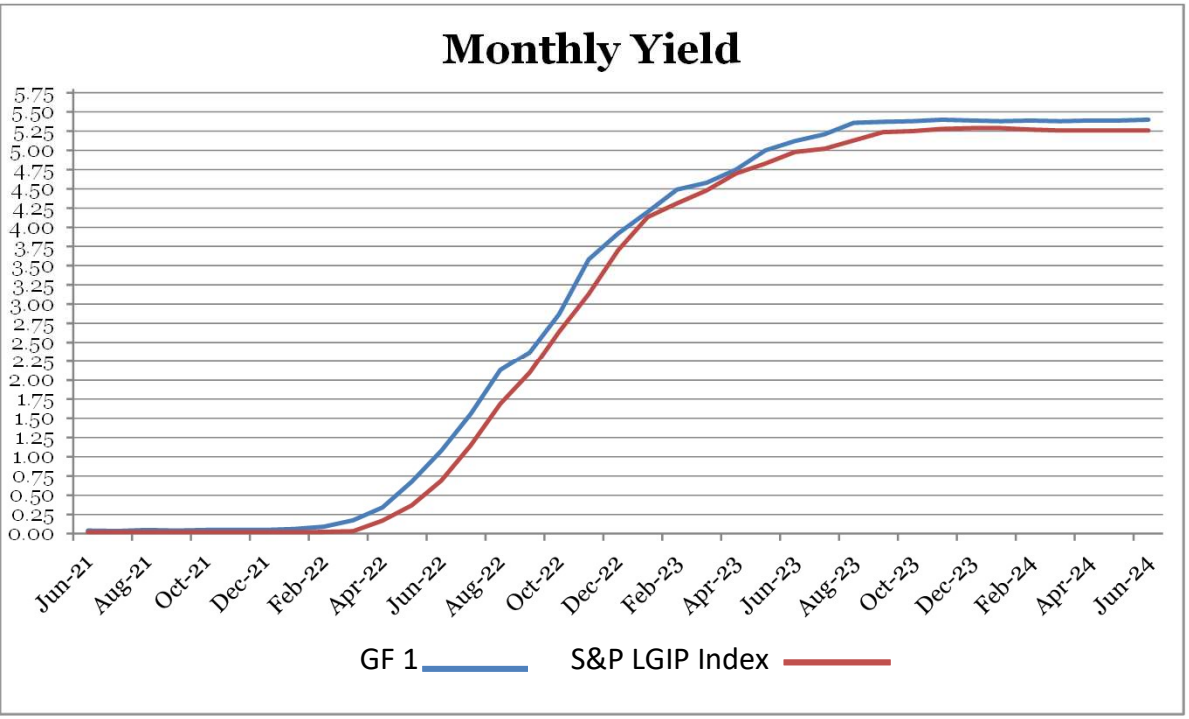

Account Holder Distribution

(1) Current administration fee is 5.5 basis-points. (2) Georgia Fund 1 Yield is calculated on an annualized basis.

July 10, 2024

In The News: Additional information on the Georgia Fund 1 (GF1) holdings can be found on the website at https://ost.georgia.gov/gf1-holdings-reports. Holdings are updated quarterly. Other state portfolio holdings are listed on the website, as well.

In order to initiate a deposit or withdrawal from a GF1 account, an authorized user must call our office or log on to the secure Internet Participant Access System (IPAS) before 2:00pm on the business day preceding the day you want funds transferred to or from your account.

For GF1 investment related questions, please direct inquiries to Jon Perregaux, Senior Portfolio Manager, at **404-232-1498** or Jon.Perregaux@treasury.ga.gov.

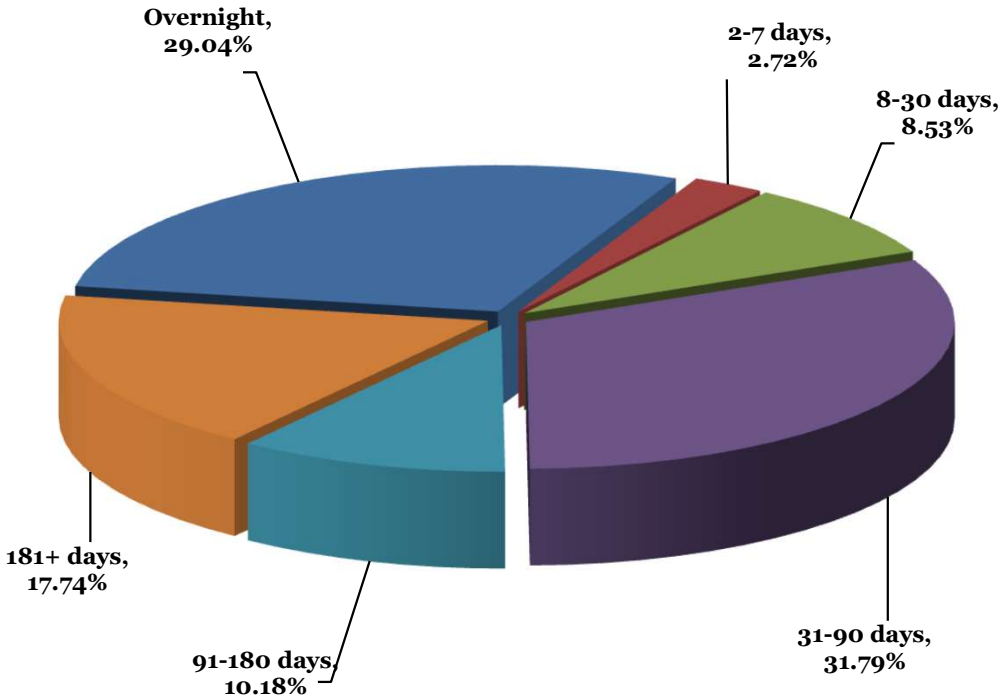

Portfolio Strategy: The Federal Open Market Committee (FOMC) left the Federal Funds Target Range unchanged at 5.25% to 5.50% at the June 12th meeting. Recent economic data has suggested that the economy is slowing. Employment and inflation data has started to trend lower over the past couple months putting into question the timing of when the FOMC will begin cutting rates. The market is currently pricing in a 25 basis-point cut in interest rates as soon as the September 18 FOMC meeting. It is important to note that the market was wrong earlier in the year when it had up to seven 25 basis-point cuts priced in. I believe the FOMC remains in a data dependent posture however, the data is beginning to support a change in monetary policy.

Nonfarm payrolls beat expectations for June coming in at +206k versus expectations of +190k. The Unemployment Rate increased to 4.1% versus 4.0% in June. Inflation data for June was mixed. Consumer Price Index (CPI) data trended lower, and Producer Price Index (PPI) data came in higher than expectations.

Overnight General Collateral (GC) Repurchase Agreements averaged a yield of 5.32% for June. Treasury Bill yields averaged 5.27% for 1-month maturities, 5.31% for 3-month maturities, 5.28% for 6-month maturities and 5.12% for 12-month maturities.

INTER OFFICE CORRESPONDENCE

TO: Town Administrator, Matthew Walker

FROM: Chief Sean Clayton

DATE: August 1, 2024

SUBJECT: Monthly Report for July 2024

POLICE DEPARTMENT:

I attended the Summer Chief's Conference at the Savannah Convention Center this month. I attended several informative classes that will help with my position as the Chief of Police for Thunderbolt. This also gave me an opportunity to network and speak with other chiefs from departments our size as well as some of our vendors such as Axon, Motorola, and West Chatham Warning Devices.

Agent Henderson is doing well at CNT and is trying out for the county wide swat team that is made up of officers from each department within Chatham County.

Thunderbolt Officers stopped a vehicle for fleeing to elude. That stop turned into there being several traffic charges as well as several felony drug charges. We also had officers assist Savannah PD on a shots fired call, and with our assistance those suspects were taken into custody without incident in the 200 block of Bonaventure Road near the canal.

We are currently looking for an officer to fill one of the two vacancies that we have since Sergeant Tommy Steeley resigned. I've reached out to Mr. Walker to have that updated on our website, and I reached out to Marianne Ganem-Poppell to have that position announced on our other social media outlets as well.

Blue Line Solutions is running a little behind schedule, but they are working diligently to get the speed cameras on Shell Rd. and Sunset Blvd. operational.

Mission Statement

"The mission of the Thunderbolt Fire Department is to minimize loss of life, property and environment in the Town of Thunderbolt from both natural and man-made disasters, life threatening situations and to assist other emergency agencies. We will achieve this mission through professional/progressive training and fire education while providing first class services to our community."

Department News

Chief Report:

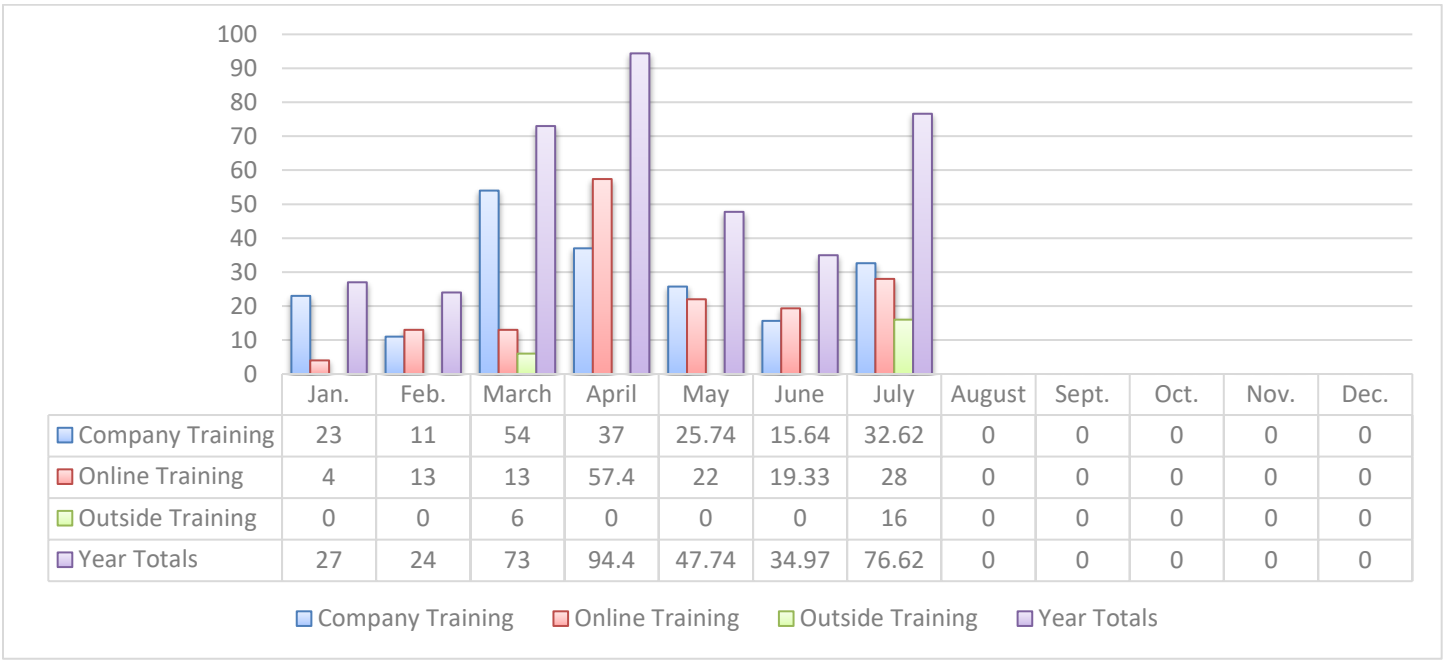

- **Administrative**
  - 2024 Ladder Testing was completed for all ground ladders.
    - Passed inspection with no issues.
  - Continue to work on updating Policies and Procedures.
  - 2025 Budget
    - Accessing our station, apparatus, and equipment to determine needs for this year's budget and moving forward to 2025 Budget.
  - Researching different companies to improve our Apparatus Maintenance.
  - Attended Meeting with all County Fire Chiefs and City Managers in regard to Chatham County Fire Department Transition.
    - County wide Automatic Aid Agreement meeting set for August 13, 2024.

- **Emergencies**
  - Response To Coach's Corner for reported Structure Fire
    - Fire out on arrival, FD ventilated the structure.
  - Response to several report Electrical Problems with Powerlines
  - Increase response to Fire Alarm's (False Alarms) for the Month of July.

- **Apparatus**
  - BTK 501 (F550 Mini Pumper) Out of Service
    - Working with Mechanics on repair options.
  - All other Apparatus in Service

- **Communications:**
  - Radio Order
    - Radios have been received and placed in service.
    - Working with vendor to schedule installation of base station radio that was included with order.
  - A new amp was installed for our station alerting system.
    - Currently our system works off a pager but once we have base station radio installed, we will be switching over. Also allows us to have a back up system if one fails.
