TOWN OF THUNDERBOLT
REGULAR MONTHLY MEETING
WEDNESDAY, MARCH 8, 2023
6:00 PM
REVISION #2

AGENDA HEARING

Public has five minutes per person to ask questions or comment on any agenda item.

Mayor Williams opened the meeting for public comment at 6:00 pm.

Captain Michael Mosley, Top of the Line Charters, 123 Sheftall Circle, is considering purchasing the bait shop. He will be selling bait for saltwater fishing. He is requesting to have a five year lease of the bait shop at $500.00. Town Administrator Milie stated $750 is the going rate. The current lease is $550. Council Member Crenshaw stated the normal lease with Town is for one year with a kill clause.

Anna Maria Thomas, 1 Brightwater Drive. Asked if the lease for the bait shop could start lower and then increase over time.

Town Administrator went through the agenda to have discussion with no vote.

Chief Clayton explained on Monday there was an uptick in entering vehicles. Most of the vehicles were not locked. There is now a firearm on the street. Some one had two new Nikon Cameras stolen. With COVID, we had pulled back on community policing, but the officers are now starting back reaching out into the community. If they see a group of kids out playing ball, they will join in.

Council Barbaree stated he learned people can use an app to see if there are computers or other devices in the car before stealing.

Chief Bateman stated he is working with the vendor for the hot water heater. Should be changed over in a week or so.

Public Works Director Crosby joked the chlorides are good. Council Member Crenshaw asked about Thompson Parks water use and the water purchase from Savannah. Public Works Director Crosby stated there were new plants and have not moved to using a shallow well as of yet. The Town has discussed joining Bhai Bleu to install a shallow well but has not finalized anything. There was some maintenance on the chlorides and it increased the use of water. Council Member Lavin commended Public Works on fixing the pot holes. Town Administrator Milie stated we are entering phase III for Honey Park. Phase III is to computerize the park so we will have a visual to show Mr. Honey.

Mayor Williams closed at 6:28 pm

Thunderbolt Police Department

Letter of Recognition

Presented To:

Corporal Michael Foran Badge # 508

Recognition for

Customer Service Excellence

On March 30th, 2023 at approximately midnight, Corporal Foran was dispatched to a residence near Oakwood and Pierce Boulevard for the report of a suspicious person possibly prowling and knocking on doors. The subject seemed disoriented, without a shoe, and requesting a phone to use. Upon arrival at the scene, Corporal Foran immediately made contact with the person in question, ensuring officer and citizen safety while sizing up for any threats might have been present. Corporal Foran used simple policing techniques that may sometimes be lost. He fully listened, devised a course of action, and proceeded.

It was Corporal Foran's gut instinct that the gentleman in distress posed no threat and his intervention would be to provide any assistance possible. Corporal Foran ascertained that the individual was chased by a dog while returning to Savannah State. In the chase he lost his shoe and phone. This individual while being lost and disoriented did what came natural. He sought assistance or help from someone.

Corporal Foran made contact with the caller. He advised them they did the right thing by calling the police and there is no need to answer the door anytime if you feel uncomfortable. He also assured them that this was a young man who was just needing some help and posed no threat.

Corporal Foran then provided a ride to where the gentleman remembers losing his shoe, and was able to retrieve it from the yard where he jumped a fence to get to safety. Corporal Foran then went with the gentleman to the location he remembers losing his phone and was able to locate it, but it had been runover and rendered inoperable.

Corporal Foran then offered his phone to the gentleman to call his mom. The individual informed his mom that he was with police. His mother's immediate

response was “Are you being detained, or are you under arrest?”. He replied “No mom, he is helping me”.

After retrieving the phone, Corporal Foran was able to give the individual a ride to the University and ensured the gentleman’s safe return, with a few parting words. “Remember to call your mom, and let her know you got home safe”.

Daily this Mayor & Council is made proud by the strong and dedicated work by all staff members, but in this instance, Corporal Foran, our most senior officer in law enforcement showed true Thunderbolt professionalism.

Corporal Foran’s actions of quickly establishing the possible threat or lack thereof, then ensuring all involved individuals were made aware there was no issue, and finally to guarantee over and above the respect and service-oriented approach at ensuring any individual in our Town was heard, understood, and cared for.

Corporal Foran your calm and professional demeanor coupled with your approach at ensuring all individuals are treated fairly and compassionately bring great credit to the Town of Thunderbolt, Thunderbolt Police Department, law enforcement community, and certainly you as a dedicated and consummate professional. Thunderbolt Mayor and Council, Town staff, and Thunderbolt residents and guests are safer today because of you, your actions, and dedication to protect those you have sworn to serve.

Be it recorded in the official minutes of the Town of Thunderbolt – Town Council meeting on April 12th, 2023 that we owe you and all those like you our deepest respect and gratitude. Job well done.

LEASE

STATE OF GEORGIA

CHATHAM COUNTY

THIS LEASE INDENTURE made and entered into as of the _____ day of _____, 2023 by and between the TOWN OF THUNDERBOLT (referenced as Thunderbolt, Town, etc.), a duly organized municipality within the State of Georgia and Top of the Line, Bait & Tackle, LLC (referenced as Tenant).

WITNESSETH:

PREMISES: Tenant, for and in consideration of the rents reserved to be paid and the covenants to be performed by Tenant, does hereby lease from Thunderbolt that certain portion of property owned by Thunderbolt, commonly referred to as the Boat Ramp Site on the Macceo Island, said portion being leased by Thunderbolt to Tenant is that same exact 20' x 100' property which previously housed and was leased to Adams' Baithouse & Purvis Jr. Said property is situated just East of the Boat Ramp above the highwater mark and on the North side of Macceo Street across from Desposito's Seafood Restaurant.

Maintenance and care of premises, Tenant agrees to care for the specifically referenced site in a manner consistent with all Thunderbolt ordinances on property, and specifically in a manner consistent with similar Town facilities, for example cleanliness, tree pruning, lawn care etc...

Furthermore, the tenant and the Town of Thunderbolt are hereby designating a maintenance area as outlined by yellow line as shown on Exhibit A. The tenant will ensure the area in question is kept free of debris, litter, trees are properly pruned, grass is maintained, edging done etc.… If the terms of this are not kept to a Town Standard the Town will resume care for the referenced area and the rent referenced below will go to $750 monthly. The Town agrees to give sixty (60) days' notice of intent to resume operational care for the grounds and area.

2.

TERM: The term of this lease shall be for commence on the _____, 2023 and shall continue for a period of three years. Thereafter, the parties shall negotiate a new lease.

3.

RENT: During the term of this lease, Tenant shall pay to Thunderbolt as follows: $550 monthly beginning on the first day of the month of the initial term. Payment shall be due on the first day of each month and under no circumstances paid any later than the 10th day of each month. Any payment after the 10th of the month shall be considered late and an automatic 15% late charge shall be due.

4.

USE: The premises hereby leased by Thunderbolt to Tenant shall be used only for the purpose of establishing and operating a bait stand and for no other purpose or purposes. Tenant covenants not to use the premises for any illegal purpose or in such manner as to violate any

applicable and valid law, rule or regulation of any governmental body, and to occupy and use the premises in a careful, safe and proper manner, and not permit waste thereon.

5.

BUILDING STANDARDS: Tenant shall maintain on the leased premises a moveable structure that meets all building, electrical, plumbing and other applicable Codes for a Commercial Site. If Tenant does not comply with applicable Codes he shall expressly request a waiver or variance for compliance with such Code or Codes which waiver or variance shall only be granted by Town Council upon a showing by Tenant that compliance with any such Code provision would be onerous/burdensome and that such variance or waiver would not endanger the public or cause any harm to the public right of way or adjoining environment.

6.

BUSINESS LICENSE: Tenant shall at all times during this lease or any renewal maintain the appropriate business license and pay annually the appropriate occupational tax as required by applicable Town ordinances.

7.

ASSIGNMENT AND SUBLETIING: Tenant. may not transfer or assign this lease or sublet the premises or any part thereof without the express permission of Thunderbolt.

8.

INDEMNITY: Tenant shall indemnify and save Thunderbolt harmless by reason of Tenant's occupancy and use of the premises from and against any and all losses, costs, damages, expenses and liabilities in connection with claims for damages as a result of bodily, emotional or other injury or death of any person or property damage to any property except if any of the aforesaid is caused by the negligence of Thunderbolt. Tenant. shall also indemnify and save lessor harmless by reason of Tenant occupancy or use of the premises from and against the defense of any action or proceeding to discharge the premises from any charge, lien or encumbrance or in obtaining possession after default of Tenant under any material, term or condition, of this agreement or its termination and against any action at law or in equity arising by reason of Tenant occupancy or use of the premises or performance or alteration, maintenance or improvement thereon or therein.

9.

INSURANCE: Tenant shall, during and through the time that this lease is in force, maintain the following insurance: COMPREHENSIVE GENERAL LIABILITY INSURANCE with limits of $100,000 one person and $200,000 one accident, and property damage limits of $50,000 which insurance shall contain a special endorsement recognizing and insuring any liability accruing to Tenant. under the preceding Paragraph 7 hereof.

10.

RENEWAL: The parties agree that this lease shall automatically renew for annual terms (from January through December) on an agreed rental rate of no less than the prior year's rental rate. Any increases in the rent shall be agreed upon at the time of renewal provided, however, that Thunderbolt shall not be obligated to renew any such lease if there has been any default or material failure by Tenant in the performance of the conditions of this lease. Notwithstanding any other provision of this agreement, Thunderbolt shall not be obligated to renew the term of this lease unless a majority of the Mayor & Council agree that the renewal of the terms of this lease are in the best interest of the Town of Thunderbolt.

Notwithstanding any other provision of this lease either party may terminate this lease or any renewal of the lease without cause upon giving the other party written notice 60 days in advance of the termination. The lease or any renewal shall automatically be considered terminated upon Tenant filing bankruptcy either personally or under any corporate or business name that he operates his business upon the leased premises.

GENERAL PROVISIONS

This lease contains the entire agreement of the parties and no representations, inducements, promises, or agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

IN **WITNESS WHEREOF,** the parties have caused this instrument to be executed and their respective seals to be affixed hereto by persons thereunto duly authorized,

INTER OFFICE CORRESPONDENCE

TO: Town Administrator, Robert Milie

FROM: Chief Sean Clayton

DATE: April 1, 2023

SUBJECT: Monthly Report for March 2023

POLICE DEPARTMENT:

During the month of March, we arrested the person who stole over $800.00 worth of Georgia Lottery tickets at one of our convenience stores. That same person was also stealing lottery tickets at other stores in Savannah, and this went on almost every day for about three weeks.

We also made arrests on the persons involved with the entering autos at River Crossing Apartments and Laurel Oak Lane. These arrests involved a lot of investigative and follow up work between us and Savannah P.D. We even had assistance from Pooler P.D. and an agent with the F.B.I., so the collaborative work between all departments involved is what aided in getting these criminals off the street and out of Thunderbolt. Not all the property taken from the vehicles were recovered. However, we were able to recover some of the items that were taken, which is how we linked those persons to the crimes and secured arrest warrants for their arrest.

Newer Town Topics

Blight:
of a region, city, area, etc.) not flourishing; stagnant, run-down, socially depressed, etc
In badly damaged or deteriorated condition
I found this definition in a code publishing Chapter 5B Blighted Property section
5B.2 Definition of blighted property:
Any property in an industrial or commercial zoning district or used as industrial or commercial property on which there exists any one or more of the following conditions or activities is a blighted property for the purposes of this chapter:
(a) Abandoned Building or Structure.
(1) A building or structure which is not being inhabited, occupied or used and which is unsecured. For purposes of this chapter, a building or structure is unsecured when the public can gain entry without the consent of the owner.
(2) A partially constructed, reconstructed or demolished building or structure upon which work is abandoned. Work is deemed abandoned when there is no valid and current building or demolition permit or when there has not been any substantial work on the project for a period of six (6) months or more.
(b) Attractive Nuisance. Property which is in an unsecured state so as to potentially constitute an attraction to children, a harbor for vagrants, criminals or other unauthorized persons, or so as to enable persons to resort thereto for the purpose of committing a nuisance or unlawful act.
(c) A building or structure which is in a state of disrepair:
(1) Exterior wall and/or roof coverings which have become deteriorated and do not provide adequate weather protections, resulting in termite infestation and/or dry rot.
(2) Broken or missing windows or doors which constitute a hazardous condition or a potential attraction to trespassers.
(3) Building exteriors, walls, fences, signs, retaining walls, driveways, walkways, sidewalks or other structures on the property which are broken, deteriorated, or substantially defaced, to the extent that the disrepair is visible from any public right of way or visually impacts neighboring public or private property or presents an endangerment to public safety.
(4) Building exteriors, walls, fences, signs, retaining walls, driveways, walkways, sidewalks or other structures on the property which have been repainted in such a manner that the appearance may be further deteriorated or substantially defaced.

WHY CONSERVATION?

A review of the data indicates that while we are anticipating a reduction in the withdrawal allowances from the Floridian Aquifer, the Town of Thunderbolt has actually maintained a withdrawal rate well within the current and projected allowance.

One might argue, if that's the case then why should we conserve . The answer is simple, it makes good financial sense. We need to have a system that allows us to maximize our use of available groundwater while constraining the overall costs to our customers.

I think that we can all agree that the efficient provision of services to our citizens is the main goal of effective government. Our failure to heed the opportunities to contain costs reflects a failure on the part of the Town Council to pursue for this goal for the Citizens of Thunderbolt.

Costs and Savings

Costs

- **In the past 8 years, Thunderbolt has achieved a significant improvement in the infrastructure and provision of water and sewer services. I would argue that these improvements have led to a significant reduction in wasted/lost water from likely significant leaks in those lines that have been replaced. In turn, this has helped to keep us within the constraints of the withdrawal limits allowing for reduced costs for water services.**
- **The reality is that we can anticipate increased costs in terms of purchased water from Savannah as well as those fees paid to Savannah for sewerage processing. We are a captive audience relative to those costs and as such have one option for controlling costs and that is to reduce relative consumption.**

Savings

- **Having the appropriate systems in place to maximize the withdrawal of groundwater will necessarily lead to savings within the system as the costs relative to purchased water are significantly less.**
- **Conservation of water will necessarily increase the impact of the less expensive groundwater on the overall cost of the water supply leading to greater savings overall.**
- **Conservation of water will directly impact the most expensive and least avoidable cost component of the system, sewerage costs, as those costs are based on volume of sewerage pumped into the Savannah system.**
- **Reducing compostables entering the sewers will reduce volume leading to direct savings and reduce damage to the system leading to long term savings in repairs and maintenance.**

Conservation Friendly Billing Options

Creating a Functional Long-Term Path Forward for the Thunderbolt Water and Sewer System

Creating a Solid Financial Future for W&S

Formulate an operational budget for the Enterprise Fund that will include separate line items for

- **costs of management,**
- **personnel,**
- **month to month activities,**
- **regular maintenance etc.**

In this way, we will create an actual operations budget exclusive of raw water and sewer costs leading to ease of assessment of rate structure changes in the future.

A Responsible Approach to Infrastructure Improvement

Establish a line item for infrastructure improvement exclusive of SPLOST which will be funded as a percentage of overall projected billings and distributed across all customers. This fund will be treated as a reserve and be utilized to supplement SPLOST for major projects.

Rational Rate Structuring

- **Revisit our current rates considering an increased number of usage steps and an aggressive rate structure that will adequately fund the portion of the operational budget as well as the infrastructure improvement budget in addition to completely covering the cost of purchased water and sewer services.**
- **Create an annual water usage budget based upon the prior two or three years of actual usage so that we might have a month-to-month average cost of production and purchase of water and sewer services.**
- **Based upon the average month to month costs, create a pass-through billing mechanism for those months where the actual costs are greater than the average month to month costs. This can be adjusted upward or downward based upon actual costs. The pass-through mechanism can be based upon 25% of the outstanding overage for any month and distributed and billed based upon the individual rates for each customer. In this manner, the costs of supply can be reflected in a real-time billing structure that maintains fiscal integrity.**

Rational Conservation Implementation

- **Establish a conservation friendly base rate for those consumers whose properties can be shown to have Conservation Friendly infrastructure including low flow toilets, low flow faucets and shallow wells for landscape watering. A system of multi-stepped credits can be offered based on the degree of the infrastructure requirements met, for example….**

    1. **Low-volume Toilets** **60% of available credit**
    2. **Low Flow Faucets** **20% of available credit**
    3. **Shallow Wells** **20% of available credit**

- **Make changes to the Town Ordinances requiring that all rental properties meet the Conservation Friendly standards OR institute separate rate structures for owner-occupied vs rental properties to include STR and LTR units.**
- **Require that all businesses in Thunderbolt achieve Conservation Friendly status as a component of their renewal of their business licenses.**

Supporting Conservation Friendly Projects

- **Establish a line item in the annual budget to fund**
  1. **Credits for individuals whose financial situation significantly impacts their ability to pay for W&S services. This will replace the current senior base rate.**
  2. **Credits for individuals whose financial situation significantly impacts their ability to fund home infrastructure improvements required to achieve a Conservation Friendly status for their account. We can base eligibility on a survey of other municipalities' programs.**
- **The funding for this line item may be incorporated into the base rate system, the billing tier system or a hybrid approach as both elements are impacted by these credits.**
- **Identify programs formulated by comparable municipalities that have served to encourage participation and achieved cost savings through discounts offerings or bulk purchases of household infrastructure items.**
