We had a great stay at Patrick's place! The outdoor games kept us busy for hours, we loved the pickleball court! There was a slight problem with the pool that was fixed by Patrick the following day. I appreciate his quick response time to our problem.

This getaway was the best. This house offered so many options to keep my family entertained. The space is big and allows you to have your family there without feeling crowded. The host was responsive and helped with any questions we had. The best part was the pickleball court.

This is a nice place. Just a heads up that the next door neighbors have cameras all over the place, some of which seem to point at the property and the pack patio in particular. It's not the host's fault, but it is something to keep in mind when choosing this property, especially if you have kids.

My husband turned 50 and I wanted to surprise him with a trip. I have 6 young adult and teen children that came with us to the rental. They had an amazing time with all of the amenities. The basketball court was their favorite. They stayed out there all day. The house is very large and has everything you could possibly want. The beds are very comfortable! Each of my crew took their turn taking a shower in the amazing master bathroom. The host was very helpful, and very on top of responding. I would definitely stay again.

We loved this Airbnb! We stayed there for my bachelorette trip and had a pickleball tournament. It was such a fun space with plenty of activities. Wish we could've stayed longer! The place was very clean and well decorated. Highly recommend this place for a fun time!

This house was very spacious and clean. I enjoyed my stay here but the yard and pool were a little dirty, but we didn't think too much of it since it was pretty cold during our stay. Overall, some things could use some work... like the sink in the master bathroom was loose and would occasionally leak from under the bowl but nothing was to the extent of being "unusable." The neighbor also had some cameras that pointed directly into this property over the fences backyard, which seemed a bit intrusive, but again, because we weren't outside much due to the weather it was not a huge issue.

The host was very kind and responsive. Definitely recommend staying at one of his properties and I would come back as well.

The house has a lot of potential, and you can tell they've already made improvements—although it's still noticeable that the property is under renovation. I want to give credit to the host because their

communication is excellent: they respond very quickly to any questions or concerns, at least in my experience.

The home is well-equipped with everything you need, and it even has a coffee station with absolutely everything, which I thought was amazing. Overall, it was a good stay, but I do think there's still room to perfect a few details and fully bring out the home's potential.

Patrick was a great host. Communicated with us often and his house had everything we needed plus more. Our kids really enjoyed all the activities available at the house especially the basketball/pickleball court. We hope to come back again!

Patrick is very responsive and really quick at responding. He's also pretty accommodating. The house is beautiful and all my friends loved it! The speaker couch and game room were awesome! Few things were that the house was hot when we arrived, the pool was dirty, and the WiFi was down. But Patrick was quick to respond, even late at night and helped solve all our problems. The 10pm curfew is pretty lax once you're in the house but the neighbors hear everything if you're outside, so it's better inside than out.

We enjoyed our stay at Patrick's home and he was very accommodating to help us book the listing for a last minute family getaway. He was very responsive and provided recommendations for local restaurants and things to explore in Savannah. If you're looking for a place to stay that is within 20 mins from Savannah but offers a lot of amenities to keep you busy on your trip while you are not in the city, this is place for you. Everyone was able to do their own activity whether it's tanning by the pool, soaking in the hot tub, playing basketball or pickleball, this place had a little bit of everything. We absolutely loved the couch and the master bathroom bed/pillows were so comfortable. Will definitely be returning when we come back to Savannah!

We thoroughly enjoyed our stay. It was located in a quiet neighborhood. The house was clean with lots of nice decorations. The kitchen was nicely stocked and the coffee bar was a hit with our family. The pool was a nice break in our evening. There were so many extra things to do that we didn't get a chance during our visit to enjoy. Patrick was quick to respond to our questions.

Place was great, family enjoyed their time here. Did not appreciate the host trying to charge me \$40hr for wanting to check in a few hour ahead due to coming in from a far distance, even though we paid in full \$1012 for two nights. Ridiculous
